ELMOHR
No. 8 in the 1949 Symposium
(Page 7)

AN INVITATION. We cordially invite you, and especially if you are an iris collector, to come and inspect one of the most diversified iris collections in America. The garden is located 20 miles south of Portland on Haley Road and one mile north of Boring. Some kind of iris will be found blooming here at almost any time but suggest the period from early April to mid-July for the greatest abundance of blooms. Visitors are welcome any time.

TO OUR CUSTOMERS AND FRIENDS

THIS CATALOGUE comes to you with our hope that you will find it interesting and useful throughout the gardening year. In accordance with requests and suggestions received in 1948 some alterations have been made in the presentation of our plant listings this year. The task of preparing a catalogue annually that will not become monotonous to our regular customers is difficult in view of the limitations placed on the publisher and printer. For this reason we shall gratefully receive suggestions at any time that will enable us to enhance the value of our catalogue to you.

Many new illustrations have been added to acquaint you with more of the uncommon and lesser known iris. Cultural directions and time of shipment are now included under each heading in order that pertinent information will be readily at hand. We believe the English translations following the Japanese named iris will appeal to fanciers of this group. If you too have difficulty pronouncing the lengthy Japanese names you may prefer the English equivalents, some of which are delightfully descriptive and euphonious. In spite of some opposition to the use of Japanese names we adhere to the policy that all plants should be sold under their original names. In this way only can the customer be certain he is paying for something new and not a duplication of the same plant already in his garden under some other name. Unfortunately the nomenclature of Japanese iris is somewhat muddled and for this reason we are withholding some of them from our catalogue until their names are correctly established. We have spent much time and effort authenticating all varieties we grow and believe those we list are true to name.

We take this opportunity to thank all of you who sent us the many, many letters expressing your satisfaction with our plants and bulbs. We sincerely appreciate your thoughtful consideration because the success of our business depends upon satisfying everyone who favors us with an order.

WALTER MARX

NEW FOR 1949

IRIS INTRODUCTIONS

After growing over 50,000 tall bearded iris seedlings from controlled crosses during the past 10 years we are introducing for the first time three selections which we consider outstanding. This trio has been tested in several other gardens and reports from qualified critics in addition to a Highly Commended Award by the A.I.S. for one indicate their merit. We sincerely believe any one of them will prove to be a most worthwhile addition to any iris collection.

BLUMOHR (Wm. Mohr x Orloff). Our BLUE Wm. Mohr seedling which we believe is destined to receive all the praise ever accorded other varieties from this line of breeding including Elmohr and Lady Mohr. This distinct color break resulting from such a cross in itself is most extraordinary. The color is purest lavender blue, near Plumbago blue, according to the Dictionary of Color, with no veining whatever even on the hafts. The large rounded flowers possess exceptional texture and substance and actually remain in perfect condition 3 to 4 days in the garden under adverse weather conditions. Branching fair. Height 36 inches. Midseason. H.C., A.I.S. 1948.

\$20.00 Net

TAN BOY [(Kalinga x Jean Cayeaux) x Fortune]. A "glorified Jean Cayeaux" was the description of one iris critic in 1948 and we will add that the color though somewhat simi-

lar is richer and not as dull. A light bronze self. The standards are old bronze and the falls a shade lighter and brighter. The massive, lightly ruffled flowers are perfectly placed on superbly branched stems about 38 inches high. Excellent substance and texture are outstanding features of this fine iris. Rather late.

\$10.00 Net

FLICKER (auranitica x Clara Noyes). A sparkling oncobred which unfolds the colors of both parents in flowers of oncocyclus form. The large standards are brownish rose suffused and veined red purple. Falls are brilliant copper bronze completely dotted and veined reddish brown. An apparent sprinkling of gold dust adds a scintillating luster seen in no other variety. Each stem produces two flowers about 22 inches high. Small rhizomes.

\$7.50 Net

One each of our 3 introductions for \$35.00

ALSO NEW

JAPANESE IRIS (Higo Strain)

The finest strain of Japanese Iris to which we wish to call your attention. Many of these gorgeous varieties have never been offered in this country before. No matter what Japanese Iris you now have any of the Higo Strain will prove a surprising delight to you and your gardening friends. Twenty-eight varieties are offered on pages 25 and 26.

RARE JUNO IRIS

These intriguing and little known iris hold a treat in store for those who desire something new and different. Some are pleasingly fragrant. All we list are hardy and easily grown in most parts of the country. In fact, highly

satisfactory reports from customers in mid-western and northeastern U. S. indicate these iris endure subzero temperatures and bloom well year after year. For several new and beautiful species offered for the first time turn to pages 17 and 18.

EARLY ENGLISH CHRYSANTHEMUMS

This wonderful strain of early flowering chrysanthemums is sweeping the entire country by storm. Lovers of this popular perennial can now have exhibition flowers in a complete color range blooming throughout August, September and early October ahead of killing frosts and heavy rains. Most are as hardy as other garden varieties. See pages 35 and 36.

IRIS TERMS

AMOENA. White or near white standards and colored falls.

PLICATA. Stitched or stippled color on white or yellow ground.

VARIEGATA. Yellow standards and dark falls.

BLEND. Combination of two or more colors.

BICOLOR (Two colors). Falls darker than standards.

SELF. Uniform color.

JOIN THE AMERICAN IRIS SOCIETY

Every gardener interested in Iris should join the great company of flower enthusiasts comprising the American Iris Society. Each new member receives four valuable booklets each year, recording the development of this charming flower. Your membership will help you in planning your garden picture, will assist you in appraising more surely the value of new introductions. Membership costs \$3.50 per year. You may add that amount to the order you send us for Iris, designating it for Iris Society membership, and we'll take care of the rest.

LADY MOHR

TALL BEARDED IRIS

CULTURE. TALL BEARDED IRIS will give excellent results in any fertile garden soil with reasonable drainage and exposure to sunlight. Whether the soil is neutral, slightly acid or calcareous makes little or no difference. Plants should be set out so that the rootstock (rhizome) is barely underground. If soil is dry when planting is done a thorough soaking is beneficial but after the plants become established they require very little moisture after blooming. When the plants become too crowded or decrease in their flowering, division is likely necessary. Bearded iris will grow but not bloom properly in a shaded location.

SHIPMENTS. From July 15 to December 1.

ALADDIN'S WISH (Murawska 1945). Large porcelain blue brushed white. Color pattern is similar to some of the Japanese iris. **\$5.00**

ALASTOR (Spendor 1940). Very bright and pretty cyclamen pink with orange beard. **.75**

ALDURA (Larsen 1942). A magnificent blue and white plicata of huge size and distinctive form. We think Aldura and Blue Shimmer are about tops in their color class **\$1.00**

ALPINE GLOW (Kleinsorge 1945). A most pleasing blend of soft rose and lilac. **\$3.00**

AMIGO (Williamson 1934). The color contrast makes this one of our most attractive and popular varieties. Light blue standards and rich pansy purple falls. Every iris garden should have Amigo. Not a tall variety .75

ANITRA (H. Sass 1936). Beautiful silvery sky blue self of large size and fine form. .40

ARCTIC (Kleinsorge 1940). A tall handsome variety with creamy white flowers enhanced by a bright yellow area throughout the centers. .75

AUBANEL (Cayeaux 1935). An older variety but still one of the very best pinkish blends. One of the finest iris from France. .75

BALLET GIRL (H. Sass 1935). An iris of much charm and most delicate color. Lovely light orchid pink. .50

BALMUNG (H. Sass 1939). One of the most striking yellow plicatas. Entire flower is yellow with the edges of the falls and standards dotted and sanded brown. A fine iris in all respects. \$1.00

BANDMASTER (Hall 1944). A very large light blue iris, a few shades lighter than Great Lakes. A robust grower with immense foliage. \$4.00

BERKELEY GOLD (Salbach 1942). This grand new yellow has gained in popularity each year since its introduction. Highly recommended. \$1.50

BERMUDA SAND (Hall 1939). Large ruffled flowers of golden coffee tan. \$1.00

BLUE MONARCH (J. Sass 1933). Very nice tall medium blue. Most reliable performer. .35

BLUE RHYTHM (Whiting 1945). All points considered we place this fine iris at the top of the medium blue class. Cornflower blue with a silvery overcast combine to display a flower of appealing color and smoothest finish. The large flowers are perfectly placed on well branched stems 40 inches high. \$7.50

BLUE SHIMMER (J. Sass 1942). Our choice of all plicatas. Large graceful snow white flowers with wide stippled blue borders. \$2.50

BRYCE CANYON (Kleinsorge 1944). Superb reddish brown or henna copper iris which has won much acclaim throughout the country. \$6.00

BUCKSKIN (Kleinsorge 1939). Giant golden tan self, about the best iris of this color. .60

My Iris plants arrived this morning, and they are grand! Thank you for the big husky plants, and careful packing. Also for the nice "free" plant, Purple Glory. I hope to visit you gardens again next year, and choose more Iris, and other plants.
Mrs. L. Q., Vancouver, Wash.

Your package of Iris plants have been received and they were in excellent condition. I was delighted with the two gift Iris, Heatherbloom and Moongleam, which you sent with the order. Many thanks for these.

A. R. F., Racine, Wis.

CHANTILLY

BUFFAWN (Andrews 1940). Try this if you want something distinctive and different. The large pinkish buff and brilliant tangerine bearded flowers always attract visitors. .60

CAPTAIN WELLS (Cook 1941). Very deep maroon purple. A rich and glowing flower with a dusky bronze beard. Small rhizomes. \$1.50

CAROLINE BURR (K. Smith 1940). Large charming cream with the slightest suggestion of green. Fine stems and beautifully formed flowers. \$1.50

CASA MORENA (DeForest 1943). Deep copper brown self and the finest of this color. Brighter than other browns. Very large. \$4.00

CASCADE SPLENDOR (Kleinsorge 1945). This glowing blend of coppery pink and bright tan is truly a gorgeous color combination. The flowers are large with intensely ruffled falls. Very limited stock. \$6.00

CASTALIA (Williamson 1933). An older variety that can still challenge some of the higher priced medium blues for garden color. Inclined to rebloom. .35

CHANTILLY (Hall 1945). No other iris has as crimped or ruffled flowers as this enchanting novelty. Orchid rose self of medium size. \$5.00

CHEERIO (Ayres 1934). Splendid red that has been popular for years. **.35**

CITY OF LINCOLN (H. Sass 1937). The outstanding true variegata. Golden yellow standards and dark red falls make this one of the flashiest iris and especially so in clumps. **.50**

CLOTH OF GOLD (Whiting 1945). This blazing rich yellow self seems to sparkle, so clear is its color. Truly a superior iris in every way. **\$3.00**

CLOUD CASTLE (Graves 1944). Huge wistaria blue faintly tinted mauve. Tall and most effective planted behind the new pinks. **\$3.00**

COLOSSAL (Marx 1946). A seedling of Wm. Mohr and El Capitan. The gigantic flowers are as large or larger than Ormohr. The color is quite similar to Ormohr but it blooms at least 10 days to two weeks earlier. Vigorous grower. **\$1.00**

COPPER LUSTRE (Kirkland 1934). The first copper colored iris which was awarded the Dykes Medal in 1938. There is nothing else like it. **.50**

DEEP VELVET (Salbach 1939). Without doubt this is one of the finest dark iris grown today. The glowing deep reddish violet flowers are simply stunning. Quite fragrant. **\$1.00**

DESTINY (Burgess 1934). From New Zealand came this huge iris of dark plum purple with a striking golden bronze beard. **.40**

DIRECTEUR PINELLE (Cayeaux 1932). One of the finest dusky purples from France. Immense flowers on superbly branched stems. Strong grower. **.40**

DREAMCASTLE (Cook 1943). The best orchid pink we have seen and sure to be in heavy demand as soon as there is sufficient stock to permit a lower price. The full rounded flowers are brightened by a white beard. Still very scarce. **\$7.50**

E. B. WILLIAMSON (Cook 1937). A bright blend of many colors but the garden effect is coppery red. Very heavy bloomer and rapid increaser and has won several awards. **.40**

ELLA CALLIS (H. Sass 1942). A brilliant iris in the same color class as Rocket. Standards are clear bright yellow. Falls bronze yellow brushed orange red. **\$2.00**

ELMOHR (Loomis 1942). Considered the finest Wm. Mohr seedling to date. This immense reddish violet flower with slight ruffling and elegant form won the Dukes Medal in 1945. (See color illustration, inside front cover.) **\$1.00**

EL MOROCCO (Becherer 1945). For those who like the most delicate colors. Pale opal pink describes this large broad segmented flower. Not tall. **\$1.50**

ELSA SASS (H. Sass 1939). An entirely new shade of yellow which shows up occasionally among yellow plicata seedlings. The flowers are a sparkling lemon yellow with a blaze of white on the falls. **.60**

ETHEL PECKHAM (Williamson 1932). One of the very few tall bearded varieties that is a reliable fall bloomer here. Large wine red flowers and most popular with visitors. **.35**

ETHELWYN DUBUAR (Lapham 1932). A very nice orchid pink with lemon yellow beard. **.35**

EXCLUSIVE (Grant 1937). The soft powder blue color distinguishes this iris from any of the other blues. A most pleasing variety. **.35**

EXTRAVAGANZA (Douglas 1944). A highly rated new amoena on the order of the older Shah Jehan. Standards are cream white. Falls a blend of red purple and copper. Very late. **\$10.00**

FIESTA (White 1936). Another of the gay blends very difficult to describe. Copper standards and apricot orange falls of oval form. **\$1.00**

FIRECRACKER (Hall 1943). This most brilliant of all plicatas stands out like a beacon in the garden. Bright burgundy red markings on a yellow ground that always attracts attention. Very limited stock. **\$3.50**

FLORA CAMPBELL (Hill 1940). Glowing russet red or peach red describes this large flower of splendid form and flaring falls. **.50**

FLORENTINE (Cayeaux 1937). A giant plicata of a unique color pattern. The white ground is completely speckled and striated soft lavender blue. Strong grower. **.75**

FRANK ADAMS (Lapham 1937). Ideally proportioned, this iris is a near variegata with tan standards and rose red falls. Exceptionally well branched and quite tall. **.50**

FRIEDA MOHR (Mohr 1926). This old timer is still a very popular variety, and justly so. Large pinkish lilac flowers of classic form and sweet fragrance. **.35**

GARDEN GLORY (Whiting 1943). An absolute self of rich bordeaux red with smooth enameled finish. Truly one of the best of the new reds. One of our favorites. **\$5.00**

GARDEN MAGIC (Grinter 1936). Still a top ranking red which compares favorably with the more recent and higher priced novelties. **\$1.00**

GLORIOLE (Gage 1933). We think this is one of the iris aristocrats. Large noble flowers of frosted light blue and delightful wavy form. Every garden should have it. **.50**

GOLDEN FLEECE (J. Sass 1940). A tall iris of lemon and cream with gold edging. **\$1.50**

GOLDEN HIND (Chadburn 1934). If you are looking for a cheap pure yellow iris, buy this. You won't be disappointed. **.35**

GOLDEN MADONNA (Essig 1940). Luscious cream standards and primrose yellow falls. Enormous flowers of beautiful form. **\$1.50**

GOLDEN MAJESTY (Salbach 1938). Much larger flower than Golden Hind and of different form. A quality iris and reliable everywhere. **.60**

GOLDEN TREASURE (Schreiner 1936). A fascinating cream and gold iris. A lovely variety. **.50**

GRACE MOHR (Jory 1935). Wm. Mohr seedling of pale lilac veined purple. Flaring falls and about the tallest of the Mohr line seedlings. Good grower. **.75**

GRAND CANYON (Kleinsorge 1941). An odd and enchanting blend of plum, copper and gold which we like better every year. A color combination resembling some of the Breeder Tulips. **\$1.00**

GREAT LAKES (Cousins 1938). In 1942 this iris won the Dykes Medal and has been the most popular blue variety ever since. Pure light blue flowers on well branched stems. **\$1.00**

GUDRUN (K. Dykes 1931). A gigantic white on rather short stems best suited for foreground planting. Heavy gold beard adds to its beauty. No garden should be without it. **.35**

GYPSY BARON (Schreiner 1942). Something on the order of Florentine this very dark plicata has deep bluish purple markings over the entire white ground. **\$1.50**

HARRIET THOREAU (Cook 1944). A beautiful orchid pink self of much larger size and better form than the old orchid pink varieties. Very floriferous and most effective in a clump. **\$3.00**

JAKE (Long-Sass 1943). As the saying goes, "You can't keep a good man down". This noble iris has forced its way into the company of the highest priced white varieties with practically no fanfare to augment its popularity. This variety is recognized today as one of the topflight whites by most iris critics. And only **.60**

JASPER AGATE (Williams 1943). Perhaps the acme in skillful color blending. Jasper red, shaded copper pink with enamel finish. Not tall but a real color jewel. **\$3.00**

JEAN CAYEAUX (Cayeaux 1931). This soft colored iris is still quite a novelty. The perfectly formed flowers are a light havana brown. **.35**

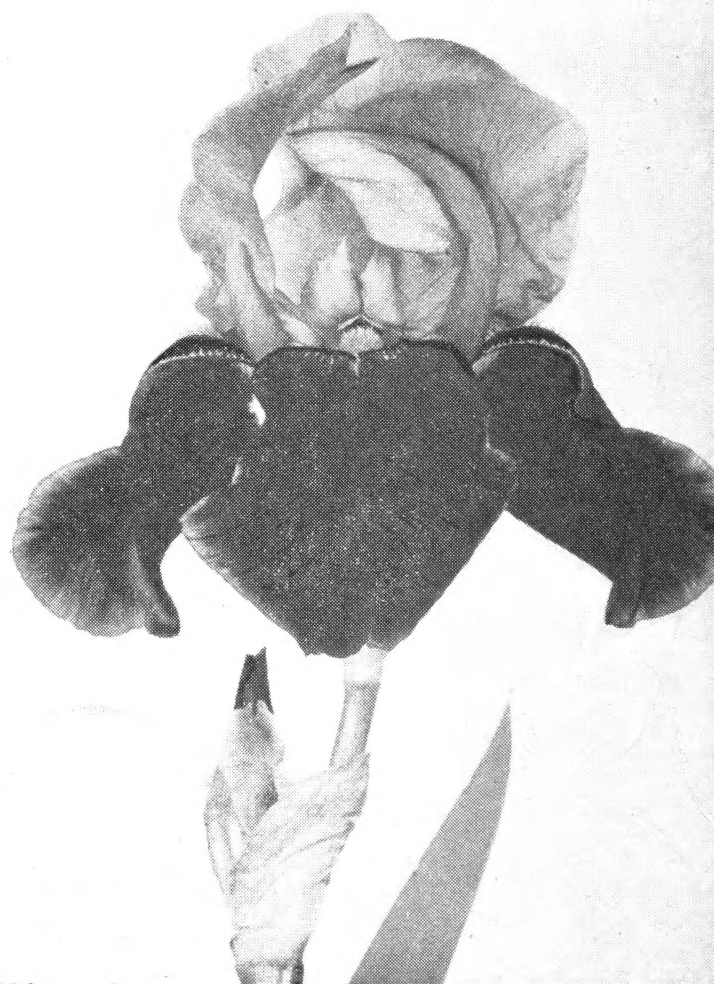

JUNALUSKA (Kirkland 1934). Truly a magnificent iris in the garden. Large flowers with coppery gold standards and coppery red falls. A very early bloomer that attracts everyone. **.40**

LADY MOHR (Salbach 1944). The most distinctive novelty of the Wm. Mohr derivatives. Exotic in appearance and of elegant form this iris is entirely different. The domed standards are oyster white, the wide rounded falls soft olive yellow with dark veins and a dark reddish patch surrounding the beard. **\$5.00**

LADY OF SHALOTT (Schreiner 1942). Our choice of the Schreiner plicatas. Dainty flowers of lightly ruffled form with white standards flushed soft rose and white falls margined with a peppering of rose pink. **\$1.50**

LIGHTHOUSE (Salbach 1936). Very large bright rose blend with just the slightest touch of yellow on the haft. A noble flower. **.60**

LIGHTS ON (Lapham 1946). A definite step nearer to the first RED iris. A redder and larger Red Gleam but not as tall. Outstanding. **\$7.50**

LOTHARIO

LOTHARIO (Schreiner 1942). A regal iris of huge size and striking color. Color pattern is quite like Amigo but twice the size. **\$3.00**

LODESTAR (Hall 1925). Not large but just about the flashiest iris in our garden. A brilliant variegata with bright yellow standards and glowing brownish red falls. Not tall and best planted in the foreground. **.50**

MINNIE COLQUITT

LORD DONGAN (K. Smith 1940). A rich dusky purple of pleasing rounded form. Chinese violet standards and pansy purple falls. **\$2.00**

LOS ANGELES (Mohr-Mitchell 1927). With all its admirable qualities this iris still ranks with the best blue and white plicatas. The perfectly poised flowers are clear white except for the bright blue stitching on the hafts and the base of the standards. **.40**

LOUISE BLAKE (K. Smith 1943). This was one of the loveliest iris in our garden last year. Another with the Amigo color pattern but so much more glittering that it can hardly be compared with the older and duller variety. **\$4.00**

LOUVOIS (Cayaux 1936). The finest dark brown iris with a velvety finish. **.60**

LYNN LANGFORD (Hall 1946). Occasionally we see a new iris which is much more beautiful than anticipated. This is one. A lustrous lavender pink self except for the golden yellow glow in the center. Large flowers of excellent texture and substance. **\$8.00**

MAGIC CARPET (Schreiner 1942). Heavily marked plicata on the order of Firecracker with a light color pattern. **\$3.00**

MAIDEN BLUSH (Hall 1943). Smooth blend of apricot and pink. **\$1.00**

MAJENICA (Cook 1941). A large pinkish blend with just a tint of salmon. An iris of good habits and especially colorful in large clumps. **\$1.00**

MARQUITA (Cayaux 1931). Every iris collection should include this glorious variety. The extra large standards are pure cream or ivory, the falls the same color but completely veined dark rose red. A rather late variety. **.50**

MASTER CHARLES (Williamson 1943). A rich refined iris of glowing mulberry purple. And the flaring form adds more charm. **\$3.50**

MATTERHORN (J. Sass 1938). For those who want the purest white iris at a reasonable price. Large graceful flowers without a trace of foreign color. There is no veining on the hafts and even the beard is white. **.75**

MELANIE (Hill 1941). Very close to true pink, this splendid iris of lovely form on tall well branched stems is of highest quality. **.75**

MELITZA (Nesmith 1940). A pale flesh pink iris with the unique and flashy tangerine beard. At its best in part shade. **.75**

MEXICO (Kleinsorge 1943). Rich and colorful is this huge variegated blend. Golden bronze standards and brick red falls edged golden amber. Massive in plant and flower and a most imposing iris. **\$2.00**

MIDWEST GEM (H. Sass 1937). Large buff and pink blend of unusually heavy substance. And the edges of the falls are intensely ruffled. **.50**

MING YELLOW (Glutzbeck 1938). An enormous flower and the largest yellow we grow. Smooth color, excellent substance and a heavy orange beard make this a most worthwhile variety. **.75**

MINNIE COLQUITT (H. Sass 1942). One of the most striking new plicatas we have seen. Entirely different, the immense flowers are white with wine purple borders. A robust grower. **\$3.00**

MOHRSON (White 1935). Another of the giant Wm. Mohr seedlings. However, this is considerably darker, being close to violet with darker veins. Leathery substance and slightly ruffled. **.50**

MOONLIGHT MADONNA (J. Sass 1943). Like Elsa Sass but with brighter color, larger flowers and better form. A very beautiful iris. **\$2.00**

MOROCCO ROSE (Loomis 1937). A large rose pink iris that has been in heavy demand. One of our most popular varieties. **.60**

MOUNT WASHINGTON (Essig 1937). Tall and stately this majestic white iris is unsurpassed for planting in the background. Sparkling white, gold bearded flowers of crisp flaring form. **.75**

MRS. J. L. GIBSON (Gibson 1930). Another most desirable near black variety. Large deep blue purple flowers of velvety texture and heavy substance. We like it very much. **.40**

MULBERRY ROSE (Schreiner 1941). Well described by the name, this marvelous iris adds a new color to the iris spectrum. The color is enhanced by the brown hafts and bronze beard. **\$1.25**

NARAIN (Shuber 1936). A pure dark blue self of silky texture which we like very much. An early blooming variety, massive plants and very broad leaves. **.35**

NIGHTINGALE (Hall 1942). Fascinating golden russet blend. A large delightful iris. **\$1.25**

NOWETA (H. Sass 1932). For the foreground or for mass planting there is nothing lovelier than this dainty pink iris. The ruffled flowers are neither large nor tall but its charming color challenges many of the higher priced pink varieties. **.35**

OLA KALA (J. Sass 1943). In our opinion the very finest deep yellow iris. In fact it is almost pure orange. Dykes Medal 1948. (See color illustration inside front cover.) **.. \$2.50**

OLD PARCHMENT (Kleinsorge 1939). Splendid large ivory iris lightly tinted buff or creamy tan. Most striking and beautiful when planted in front of evergreen shrubbery. **\$1.00**

ORANGE FLAME (Salbach 1940). Somewhat similar to Radiant but of greater height, brighter color and more of an orange tone. **.75**

ORLOFF (H. Sass 1937). The first of the heavily marked yellow plicatas which has proved of much value to hybridizers. The ground color is cream with cinnamon brown etchings. **.50**

ORMOHR (Kleinsorge 1937). One of the largest iris in existence. The rounded flowers are light lavender with rather inconspicuous violet veining. A tall Wm. Mohr seedling and a good grower everywhere. **.50**

PINK OPAL (J. Sass 1935). Very nice tall orchid pink self quite similar to Ethelwyn Dubuar but of greater height and different form. **.35**

PINK REFLECTION (Cook 1942). There is something about this delightful iris that appeals to everyone. An enchanting chamois pink of crisp flaring form unlike any other iris. Wonderful substance. If you want something exquisite, try this one. **\$3.00**

PINK RUFFLES (Smith 1940). A Noweta type iris of even more ruffling and slightly darker color. Most effective in mass planting. **.75**

PRAIRIE SUNSET (H. Sass 1939). Perhaps no iris has received more publicity than this huge gorgeous blend which won the Dykes Medal in 1943. Very difficult to describe but pinkish copper is pretty close. Must be seen to be appreciated. **\$1.00**

PREMIER PEACH (Hall 1946). Sister seedling of the new famous flamingo pinks and of much larger size. A cream peach self of fine form. The color is best here if shaded from the afternoon sun. Very limited stock. **\$8.00**

PRINCE OF ORANGE (Kleinsorge 1940). A splendid golden orange self and very colorful in the garden. Medium sized flowers of excellent texture and substance. **.75**

RADIANT (Salbach 1936). One of the best of the copper toned iris. Standards are glowing golden bronze, falls a bright copper red. Large brilliant flowers and superb for the foreground as it is not tall. **.50**

RED AMBER (Loomis 1942). Refined red but rose in place of copper red. Excellent habits and nicely formed flower on exceptionally well branched stems. **\$1.50**

RED GLEAM (Lapham 1939). The finest red iris at a reasonable price. A topnotch variety in all respects and just as red as most of the high priced novelties. **\$1.00**

RED TORCH (H. Sass 1947). A new brilliant blended variegata. Golden tan standards and bright chestnut red falls. **\$6.00**

RED VALOR (Nicholls 1939). A deep red of wonderful finish and substance. Very rich color. Winner of many awards. **\$2.00**

REMEMBRANCE (Hall 1942). Light pink blended and rated as the best in this color group. Large flowers and well branched stems. **\$2.00**

RHAPSODY (Williamson 1937). Charming dark iris with a silky finish. Standards are lustrous brown, the falls bright violet purple. Rather late blooming. **.50**

ROSARIO (Thole 1939). Large soft rose pink blend with a suffusion of yellow in the falls. Flaring flowers of good substance. **.50**

ROSE TOP (H. Sass 1941). A beautiful rose toned plicata of large size and lovely ruffled form. The standards are almost solid rose, the falls cream with a wide rose border. The last plicata to bloom. **\$3.50**

Received my order of Iris yesterday. They are lovely plants and I just wanted you to know how much I appreciate them. I'm sure I can recommend your nursery to my friends.

Mrs. R. B., Bremerton, Wash.

ROSY WINGS (Gage 1936). Not a bright flower but a warm rosy red. Fast grower and heavy bloomer. **.30**

ROYAL SCOT (Hall 1944). Color pattern is similar to that of Firecracker except that the ground color is creamy white instead of yellow. Also grows considerably higher. A striking iris that looks red from a distance. **\$2.00**

RUBIENT (Whiting 1942). Some describe this as an Amigo done in red. The standards are light reddish purple, the falls deep glowing wine red and margined the color of the standards. A superior iris and very popular. **\$1.50**

SABLE (Cook 1938). A lustrous black iris which should be in every collection. Large well shaped flowers of velvety black violet. Even the beard is dark. A magnificent variety and one of the finest we grow. **\$1.00**

SALMONETTE (J. Sass 1946). One of the new pinks from the Sass farms. Not large but the buds are the pinkest we have seen. Color is light salmon pink. **\$10.00**

SANDIA (Williamson 1934). Lovely rose pink that has been most popular with visitors to our garden. Large flowers of good substance and a very early bloomer. **.40**

SETTING SUN (Kirkland 1937). Deep fiery copper red that displays the intense color to best advantage with the sun rays filtering through the flowers. Quite late. **.50**

SHAH JEHAN (Neel 1932). One of the last iris to bloom and an unusual color combination. Cream buff standards and reddish purple falls with pale lavender margins. Very impressive in the garden and a most worthwhile variety. **.30**

SHANNOPIN (Pillow 1940). A near amoena something like Marquita. Soft cream standards and rose falls. Very pretty and we like it immensely. **\$1.00**

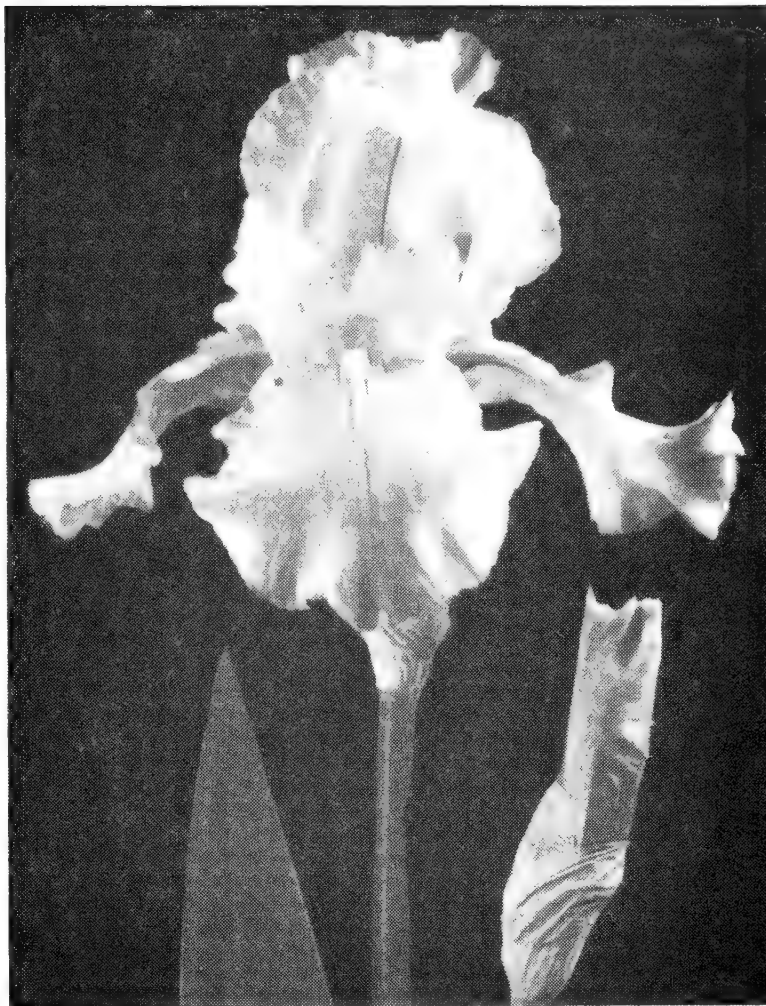

SHARKSKIN (Douglas 1942). An immense handsome new white iris. Leathery substance and purity of color are outstanding features of this spectacular flower. Quite early. **\$2.50**

SHINING WATERS (Essig 1933). Perhaps not quite as blue as Great Lakes but a splendid light blue iris nevertheless and still in consistent demand. A trifle tender in severe climates. **.40**

SIERRA BLUE (Essig 1932). A spectacular medium blue iris of large flaring form attaining great height, sometimes over 5 feet. Winner of the Dykes Medal in 1935. **.35**

SMOLDER (Nicholls 1937). Very dark red purple self with brown beard. An iris of smooth texture and rather late blooming. **.60**

SNOQUALMIE (Brehm 1938). If you are looking for a topnotch pure cream iris to plant with others, especially the reds and blues, this one is hard to beat. A superior variety of excellent habits and a rapid increaser. **.60**

SNOW FLURRY

SNOW FLURRY (Rees 1939). For sheer grace and charm of the individual flower no other variety can match this huge yet dainty blue white iris. Both the standards and falls are delightfully ruffled and on opening the flowers are pale blue fading to bluish white by the second day. Truly a classic iris. **\$1.25**

SNOWKING (H. Sass 1935). A tall regal white iris of flaring form and especially recommended for the coldest sections of the country. This and Gudrun are probably the best whites in their price class. **.35**

SOLID MAHOGANY (J. Sass 1944). As the name implies a rich mahogany red self of large size and perfect form. A magnificent variety. **\$5.00**

SONNY BOY (Kirkland 1939). Glowing copper brown blend of top quality in every way. **.50**

SOQUEL (Reinelt 1940). Wm. Mohr seedling of fine form and excellent substance. Pure lavender with no veining. **.75**

SPOKAN (J. Sass 1933). An enormous chestnut red that makes an imposing picture in the garden. The standards are somewhat lighter than the falls and the entire flower is tinted copper. One of the iris giants and most worthwhile. **.35**

SPRING CLOUD (Jory 1935). One of the heavier marked blue and white plicatas. Standards are white, almost completely flushed blue, the falls white with blue stippled border. **.50**

SPUN GOLD (Glutzbeck 1940). The finest of all yellows for form, substance and texture. The enameled finish with no veining whatever is noteworthy. Dykes Medal 1944. Rather shy bloomer for us. **\$1.50**

STAINED GLASS (Wilhelm 1939). Large striking reddish copper iris that is admired by all who see it. An outstanding variety. **.50**

STARDOM (Hall 1941). This attractive blend is one of our favorites. The color is something like that of Prairie Sunset but a bit more on the pink side. A fine grower and a heavy bloomer. Well liked everywhere. **.75**

STORM KING (Nicholls 1940). Very smooth blackish purple flowers of massive size and flaring falls. Differs from Sable in that it is a red toned in place of a violet toned black iris. A marvelous variety and a late bloomer. **\$1.50**

SUEZ (Schreiner 1944). The brightest of Wm. Mohr seedlings. The huge flowers of rounded form are reddish violet with considerable white evident on the hafts. Quite different from other Wm. Mohr derivatives and one of our favorites. **\$5.00**

TEA ROSE (Whiting 1944). A warm pleasing copper pink blend of excellent habits. Especially delightful in large clumps. **\$3.00**

THE ADMIRAL (Hall 1941). Medium dark blue but unlike any other blue iris we grow. The bold flowers with their flaring falls and impervious substance merit the highest praise. A unique blue and most commendable variety. **\$1.00**

THE BLACK DOUGLAS (J. Sass 1934). The best cheap black iris. Not quite as dark as Sable but same color. Often blooms again in the fall. **.35**

THE RED DOUGLAS (J. Sass). An immense deep wine red iris, elegant in its radiant color and polished finish. A solid color with no haft venation to mar its beauty. Won the Dykes Medal in 1941. One of the most spectacular irises. **\$1.00**

THEODOLINDA (Ayres 1932). Every beginner's collection should include this large charming plicata. Sparkling white flowers with edges of standards and falls etched clear blue. **.40**

TIFFANJA (DeForest 1942). A plicata of softest colors. Standards are very light buff, falls light cream bordered with golden brown stippling. Nicely formed flowers and splendid substance. Highly recommended. **\$1.50**

TIFFANY (H. Sass 1938). This intensely ruffled yellow plicata is one of our favorites. Both standards and falls are heavily flushed deep rose pink. Large crisp flowers that make this a most distinctive plicata. **.50**

TOBACCO ROAD (Kleinsorge 1942). There is nothing like this fine iris and it has been acclaimed both in this country and abroad as one of the very best creations from Dr. Kleinsorge. The entire flower is a golden tobacco brown. Substance is unusually good and the wide falls extend horizontally. A topnotcher in all respects. **\$5.00**

TOKEN (Hall 1939). Huge golden brown blend with faint suffusion of rose throughout the flower, the falls being considerably darker than the standards. Strong grower and rather late. **.75**

VALIANT (Sturtevant 1937). A blue blend and the only variety of this color offered this year. Huge flowers of blue and bronze. **.40**

VARESE (Williamson 1935). For those who like the brightest colors in their gardens. A brilliant red purple and always admired. **.50**

VIOLET CROWN (Kirkland 1931) The distinct color places this older variety among the outstanding iris. Pure light violet with no suggestion of blue or yellow. Tall. **.50**

VIOLET SYMPHONY (K. Smith 1940). Large mauve self and a good companion for any of the pinks. **\$1.00**

WABASH (Williamson 1936). One of the most popular of all iris due to its striking color contrast combination unequaled by any other variety. A true amoena with pure white standards and dark violet falls with light borders. There is nothing else like it. Won the Dykes Medal in 1940. **.75**

WASATCH (Thorup 1935). Another iris giant and the biggest blue and white plicata we grow. Also one of the first to bloom. **.40**

WEST POINT (Nicholls 1938). Two-toned indigo blue iris of refined form and splendid texture. Quite late. **.50**

WHITE WEDGWOOD (Grant 1943). Tall early blooming bluish white iris with a blue beard. Large flowers of pleasing form and fine substance. An intriguing novelty. **\$3.50**

WM. MOHR (Mohr 1925). A famous hybrid and one of the parents of the giants Elmohr and Ormohr. Exotic flowers of colossal size. Color is lavender definitely dotted and veined purple. Always makes small rhizomes. Quite dwarf. **.50**

WINNESHIEK (Egelberg 1931). Large deep bluish purple of elegant wavy form and lustrous finish. A magnificent iris and still one of the best of the dark varieties. **.35**

The Iris we ordered arrived yesterday in splendid condition. I want to especially thank you for the "Lady Mohr" you included gratis.

Mrs. H. L. W., Camas Valley, Ore.

Received my Iris and am very pleased with them and was very thrilled with the substitution for "Aruna". Thank you, too, for the beautiful "extra". Have always wanted it.

Mrs. R. R., Waukesha, Wis.

10 Different BEARDED IRIS

Including 4 tall bearded, 4 intermediate
and 2 dwarf bearded iris (our selection),
labeled.

\$2.50

INTERMEDIATE BEARDED IRIS

After the dwarf bearded Iris have bloomed and before the tall bearded come into bloom the intermediates hold the stage. In addition to the blooming period the size and height of blooms are also intermediate.

SHIPMENT: From July 15 to December 1. **CULTURE:** Same as the TALL BEARDED IRIS.

ABELARD. Chestnut and purple.	.35	PAPIO. Something like Red Orchid but much darker.	.35
ALICE HORSEFALL. Large deep claret purple with orange beard.	.35	RED ORCHID. Red purple. Unusually fine color.	.35
CHALLENGER. Large dark purple.	.35	SANGREAL. Creamy yellow. Fall bloomer.	.35
COALIE. Best black intermediate.	.50	SNOW MAIDEN. About the best white intermediate. Tops in every respect and most floriferous.	.35
COSETTE. Very fine white.	.35	SOUTHLAND. Best fall blooming yellow.	.35
CRYSORO. Bright ruffled yellow.	.35	WHITE AUTUMN KING. Creamy white. Fall bloomer.	.35
DORCAS HUTCHESON. Violet purple bicolor.	.35	ZUA. Lovely crinkled blue white.	.50
ELEANOR ROOSEVELT. Elegant purple self. Blooms second time in fall.	.35		
GOLDEN BOW. Fine golden yellow self.	.35		

DWARF BEARDED IRIS

The demand for good dwarf iris is increasing by leaps and bounds and the improvements in form and color evident in recent introductions including our own, surely justify this increased popularity. Many varieties were sold out last year and advance orders already indicate another shortage this season. These charming little iris are so easy and worthy of everyone's consideration, especially for brightening odd corners, the rockery and for edging the perennial border. Those we offer are truly dwarf and are a carefully selected list of finest varieties every one of which is distinct.

CULTURE: Same as TALL BEARDED IRIS. **SHIPMENT:** From July 15 to December 1.

ARENARIA (Species). The tiniest bearded and a grand subject for the small rockery. Bright yellow. 3 or 4 inches. Scarce. **.75**

ATROVIOFACEA. Earliest reddish purple. 4". **.35**

AZUREA. Clear light blue. Early. 4". **.35**

BLUE FLASH (Marx 1948). Light wedgwood blue self. Dainty flower. 5 inches. **\$1.50**

BLUE MASCOT (Marx 1947). Almost chicory blue self with semi-flaring falls. 5". **.75**

BOUQUET. Dainty white and heliotrope. 6". **.40**

BRONYA. A tiny miniature of refined form and rich color quite similar to Tony. An outstanding arenaria hybrid from H. M. Hill. 4 inches. **\$1.50**

BUZZER. Soft lavender blue. 5". **.35**

COME AGAIN (Marx 1948). Near fluorite purple self of rounded form. In addition to the rich color and pleasing form this iris is a regular fall bloomer. 6 inches. **\$1.50**

CREAM TART. Another arenaria seedling but larger than most. Pale over yellow with dash of red purple on the wide flaring falls. Strong grower. 5 inches. **.50**

CURIOSITY. Purple and yellow. 8". **.35**

DITTON'S PURPLE. Fine violet purple. Branched. 10". **.35**

ELF QUEEN. Best pure white. 6". **\$1.00**

GLEE. Very light yellow. Heavy bloomer. 10". **.35**

HEATHERBLOOM (Marx 1948). Color is close to Heather or Hydrangea red according to Dictionary of Color. We have grown this for several years and its unusual color has attracted all visitors. 6 inches. **\$1.50**

KEEPSAKE. Delightful tiny golden yellow bright orange beard. 4 inches. **.50**

LADIES OF PEELING. Lovely light blue self on branched stems. Very late. 10". **.35**

LITTLE SKIPPER (Marx 1948). Standards near sky gray, falls near Westpoint, according to Dictionary of Color. Charming bicolor and very dwarf, 4 to 5 inches. **\$1.50**

LOUISE STARKER. One of the loveliest pure white dwarfs we have seen. Slightly taller than other dwarfs. 10". **.50**

MAROCAIN. Lustrous blackish purple. 6". **.35**

MIST O' PINK. Unique dwarf of deep rosy mauve. An arenaria hybrid and nothing else like it. **\$1.50**

MOON GLEAM (Marx 1947). Very near sulphur yellow self with semi-flaring falls. 5". Finest light yellow. **\$1.00**

REFLECTION. Nice medium blue. 5". **.35**

ROSE MIST. Dark mauve pink. Distinct. 7". **.35**

SOUND MONEY. Finest golden yellow self. 5". **.35**

SUN DROP (Marx 1948) Very bright yellow self. A few shades lighter than its parent Sound Money. 6 inches. **\$1.50**

TAMPA. The best red miniature but a slow increaser for us. **.75**

TINY TONY. A diminutive Tony. **.50**

TINY TREASURE. We cannot choose between this and Keesake. Both are lovely and very similar. **\$1.00**

TONY. Red purple. Heavy bloomer. 6". **.35**

WEE ADMIRAL (Marx 1947). Intense dark red purple of precise styling with semi-reflexed falls. 6". **\$1.50**

YLO. Bright yellow with flaring falls. Arenaria seedling. 6". **.35**

SPRING CAPER COLLECTION

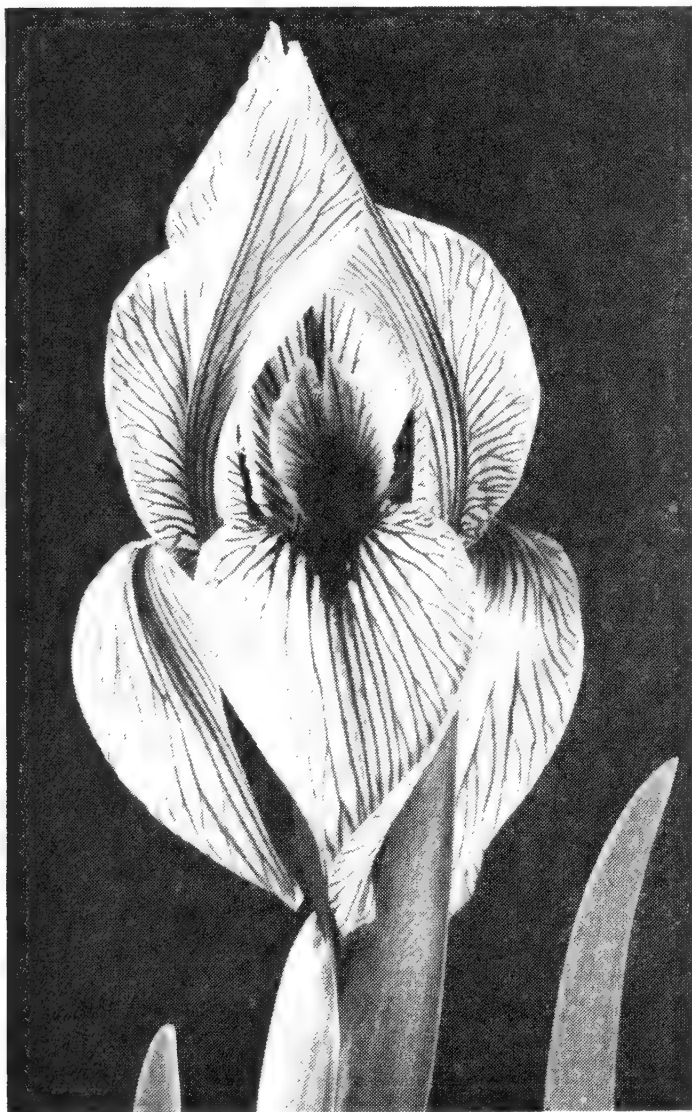

Moon Gleam	Marocain
Blue Mascot	Rose Mist
Buzzer	Ladies of Peeling

\$2.50

REGELIA AND REGELIO—CYCLUS IRIS

We offer this group separately because the cultural requirements differ from other iris. If you are looking for something different in bearded iris we are confident any in this list will delight you. These hybrids are the result of crosses between the regelia and oncocyclus species. All possess great beauty and attract all who see them.

CULTURE: Iris in this group must be given a rest after blooming. If you live in a locality with hot dry summers during which time the soil remains absolutely dry until the fall rains, these plants may be left undisturbed. Otherwise they must be lifted after the foliage withers, usually about July 1, and stored in a dry place until September when they should be replanted. As these plants make new growth during the winter months some protection is necessary in the coldest sections of the country. **SHIPMENT:** From August 1 to November 1.

IRIS KOROLKOWI VIOLACEA

ALLEGRIA. Large globular flower. Standards bright purple with no veining. Falls dark bronze purple with darker veining and large black signal patch. Few plants. 12". **\$2.00**

ARTEMIS. A very dark iris of elegant form. Violet purple self with dark violet veining. Large black signal patch on falls. Strong grower and good bloomer. 20". **\$1.50**

HERMIONE. One of the most striking iris we have ever seen. Standards reddish violet sanded and veined purple, falls white with brilliant violet purple veining and large black blotch. Very limited stock. 20". **\$2.00**

HOOGIANA. There is no other iris like this lovely species. A lustrous soft blue self of smoothest finish. Huge golden beard enhances its beauty. 24". **\$1.00**

IRIS TEUCROS

KOROLKOWI. A species of elongated form. Cream white heavily veined rose purple. One of the parents of most of the named regelio-cyclus varieties. 22". **\$1.50**

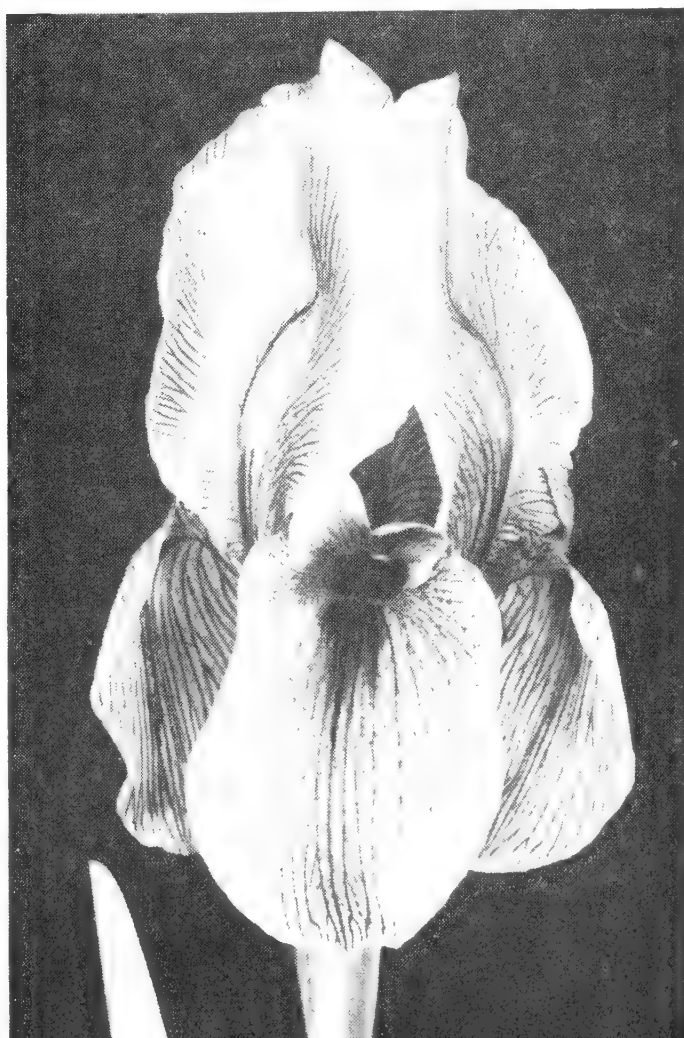

KOROLKOWI VIOLACEA. Truly one of the most striking of all iris. The illustration gives a fair idea of its beauty. The color is white, brightly veined deep violet. The signal patch is deep purple. 18 inches. **\$2.50**

LUNA. A beautiful variety of large size and most pleasing form. Both standards and falls are pearly white veined dark purple with large black signal patch. 18". **\$1.50**

STOLONIFERA. Another striking species. Ruffled elongated flowers with standards of light violet blue edged bright brown. Falls brown purple with brilliant blue beard. Vigorous grower. 22". **\$1.50**

TEUCROS. Large flowers of pearly blue veined dark purple. 18". **\$1.50**

WANADIS. One of the choicest named hybrids. Standards bright purple, falls white, heavily veined and netted dark purple. Large flowers. Very limited stock. 18". **\$2.00**

ONCO AND REGELIA BRED IRIS

This group of hybrids is the result of crossing the bearded Iris with the rare oncocyclus and regelia species. Most of the following varieties display in various degrees the striking color patterns and form of their beautiful parents.

CULTURE: ONCO and REGELIA BRED IRIS require about the same conditions as the foregoing but as some are not quite as vigorous a little extra attention is sometimes needed. Perfect drainage, full sun and a good rich soil, preferably on the alkaline side, will insure best results. **SHIPMENT:** From July 15 to December 1.

BALROUDOR. Olive buff marked violet blue. 14". .35

BEAUTY SPOT (Marx 1947). Large flowers of distinctive color. Glowing plum purple. Unique form something like the regelia species. 8". \$1.50

BELADI. Globular flowers completely dotted and veined deepest violet. The black signal patch verifies the oncocyclus parentage. 30 inches. \$1.00

BLUE PRINCESS (Hoogiana x D. B.). Very similar to its beautiful parent, the Regelia species Hoogiana. Lovely soft blue self with large orange beard. 22". \$1.50

BRILLIG. Creamy yellow veined purple. 18". .75

COGETTE. Rosy purple with dark veins. 15". .75

GYPSY KING. A richly colored hybrid of wonderful form. The color is a blend of red purple and bronze with faint veining. \$1.50

IB-MACRANTHA. Soft lavender with violet veins. 18". .50

ICICLE (Marx 1947). Blueish white self of typical regelia form, sometimes feathered blue. 9-10". \$1.00

LITTLE MASTER (Stolonifera x D. B.). An exotic dwarf iris combining dark rich colors of purple brown and blue. Intriguing color pattern. 10". \$1.50

MOUNTAIN POTTERY (Stolonifera x D. B.). Like a bit of oriental tapestry this rich colored iris has much the same color and form of its parent, the regelia species, stolonifera. Blue standards edged bright brown. Elongated ruffled falls of dark bronze purple. 22". \$1.50

MOZO. Creamy yellow veined red. 18". .75

SPRING CAPER (Stolonifera x D. B.). Standards dull light yellow, falls light brownish purple. Might be classed as a blended variegata. 20". \$1.00

PESHAWAR. Velvety red purple with bronze tone. 14". .35

PARTY ROBE (Hoogiana x D. B.). Light red purple self. Except for color this is quite similar to Blue Princess. 22". \$1.50

PRESENT. One of the most beautiful of all the famous White oncobreds. Large pinkish lavender flowers faintly dotted and veined violet. Deep rose signal patch. One we would not be without. \$3.00

SHERIFFA. A regelia bred hybrid of unusual coloring. Bronze violet blend with a metallic sheen. Tall well branched stems and a strong grower. 3 feet. \$1.00

VELVO. Velvety brownish purple. Dwarf. 8". .50

ZWANNENBURG. Light buff with maroon markings. 16". .35

The new varieties Blue Princess, Mountain Pottery and Party Robe offer excellent cut flower material as all have long slender stems and the flowers possess artistic beauty.

BULB IRIS

The Iris listed here are uncommon in American gardens. All are strikingly beautiful and some including the Junos are distinctly different. The very dwarf reticulata group blooms with the earliest crocus species. The Junos and tuberosa bloom with the dwarf bearded Iris.

CULTURE: The Junos and the English are best planted about 4 to 5 inches deep. The reticulata group and tuberosa about 2 to 3 inches deep. With the exception of the English all thrive under the same conditions as the Regelio-cyclus group. The English enjoy abundant moisture until the flowering period and neutral or slightly acid soil. All may be lifted after blooming if desired and stored in a cool dry place until fall.

SHIPMENT: From August 1 to November 1.

RETICULATA. The type is brilliant dark purple with orange crests. All of the reticulatas are like the Dutch Iris in miniature. 4". .25

RETICULATA CANTAB. Dainty light blue with orange marking. The last to bloom. 5". .50

RETICULATA J. S. DIJT. Glowing red purple flowers, sweetly scented and one of the prettiest iris in our garden. Rapid increaser. 4". .40

IRIS RETICULATA

BUCHARICA (Juno section). Lovely white and yellow flowers in axils of leaves. Large bulbs will produce 5 or 6 flowers over long period of time. The Juno iris differ from the rest of the genus both in leaf and flower. 12". .75

DANFORDIAE (Reticulata species). Charming bright yellow dwarf iris. Very early, Feb.-March. 3". .50

GRAEBERIANA (Juno). A new species which we like very much. The flowers are clear medium blue with white blaze on falls. Robust grower. Each bulb produces 8 or 9 flowers. 12 inches. \$1.00

HISTRIOIDES MAJOR (Reticulata Species). Striking bright blue of large size blooming with Danfordiae. 3". .75

ORCHIOIDES SULPHUREA (Juno). Dainty species with smaller flowers on 8 inch stems. Pure light yellow except for small brown blotch on each fall. Each stem bears 5 to 6 flowers. Ideal for the rockery. \$1.00

JUNO IRIS WARLSIND

WARLSIND (Juno). A gayly colored hybrid from Warleyensis and Sindjarensis. Style arms are white with blue midrib. Falls are bright yellow with etched borders of brown and purple. 5 to 6 flowers on 12 inch stems. \$1.50

JUNO IRIS COLLECTION

Bucharica
Graeberiana

Vicaria
Willmottiana alba

\$3.00

SINDJARENSIS (Juno). One of the most beautiful of this section and one of the bluest of all iris. The color varies from light to medium blue. Each bulb produces 4 to 5 very large ruffled flowers. 12 inch stems. Very early. **\$2.00**

SIND-PERS (Juno). This rare hybrid resulting from a cross between sindjarensis and Persica will be always treasured by those who possess it. Large intensely ruffled flowers of soft powder blue with a bright orange blaze on each fall. Three to 4 flowers bloom in succession on 4 inch stems. Something extra special for any rockery. **\$3.00**

TUBEROSA (Species). Unusual flowers of ap-

ple green with velvety purple black blotch on fall. 6 inches. **.35**

VICARIA (Juno section). This fine robust species will delight the most discriminating with its many white-blue tinged flowers. There is some variance as some bulbs produce flowers with considerable blue while others are almost pure white. As many as 7 or 8 flowers to each stem. Blooms with bucharica. 12". **.75**

WILLMOTTIANA ALBA (Juno). This charming white iris with a yellow blotch and delicate green tracery on each fall is a gem for the rockery or for grouping in the low border. A profuse bloomer with each stem bearing 8 or 9 blooms. About 10 inches high. **\$1.50**

SIBERIANS AND SPURIAS

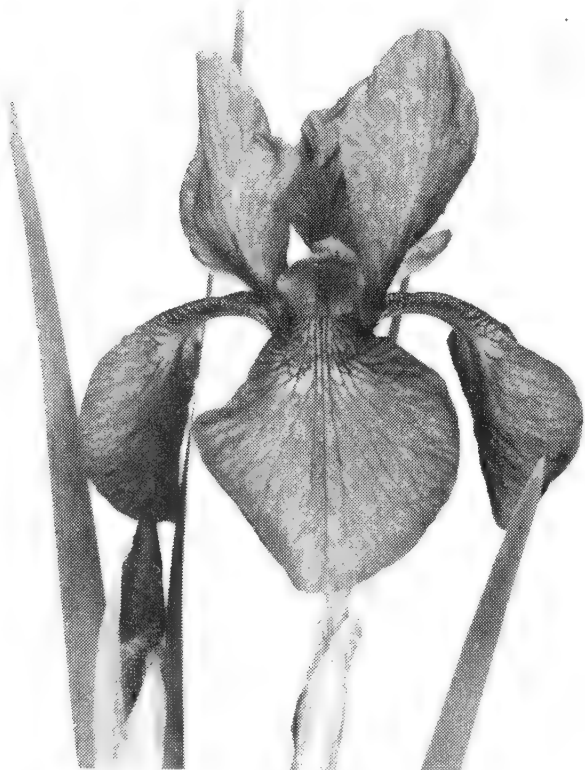

For landscaping purposes these two groups are unsurpassed. They may be left undisturbed for years as their beauty and effectiveness is in large established clumps. Under ideal conditions the spurias attain 6 feet.

CULTURE: SIBERIAN AND SPURIA IRIS will grow and bloom in almost any soil that suits other perennial flowers. However, they are moisture lovers and will grow twice as high and produce twice as many flowers if kept constantly moist during their growing season. As they are most effective in large clumps they should be planted where they need not be disturbed. All are very hardy and should give no trouble anywhere.

SHIPMENT: Spring or Fall.

SIBERIAN

- BLUE CHARM.** Very large, light blue. 36". **.50**
- BLUE RIDGE.** Light blue with dark midrib. 36". **.50**
- CAESAR.** Large violet blue. **.50**

SIB. IRIS CAESAR'S BROTHER

CAESAR'S BROTHER. Rich, dark pansy purple. Heavy bloomer and just about perfect in every respect. 50". **.50**

ERIC THE RED. The finest red to date. Deeper than Helen Astor. **\$5.00**

GATINEAU. Fine large medium blue. 48". Best of this color. **.60**

GAYHEART. Tall deep blue decorated by white blaze on falls. 40". **.50**

HELEN ASTOR. Very attractive rosy red flowers with white centers. 30". **\$1.50**

KOOTENAY. Quite similar to Gatineau on much shorter stems. 36". **.50**

LADY GODIVA. Dainty light lavender. Quite different from other varieties. 36". **.75**

LLEWELLYN. Very tall bright blue. 48". **.50**

MATANE. Lovely milk white with gold spear on each fall. **\$1.00**

OTTAWA. Most striking siberian. Bright blue flowers with white centers. 36". **.75**

PERIWINKLE. Flaring flower of porcelain blue on strong stems. **.35**

TYCOON. The largest siberian. Deep violet blue. Outstanding. **\$2.50**

SPURIA

ALICE EASTWOOD. Much improved ochroleuca. Pure white and gold flowers on 4 foot stems. **\$1.00**

DR. ANNIE BESANT. Very large and tall variety. Cream flowers with gold splotch on falls. 60 inches. **\$1.00**

DUTCH DEFIANCE. Large blue flowers with a large yellow signal patch. Widely acclaimed as the finest blue spuria to date. Fine form and heavy substance make this a wonderful cut flower. 44 inches. **\$7.50**

SHELFORD GIANT. The tallest variety. Cream and gold. Flowers are intensely ruffled adding much beauty and charm. 66 inches. **\$1.50**

SUNNY DAY. A most striking spuria of intense golden yellow and fine form. 60". **\$1.00**

BEARDLESS IRIS COLLECTION

Gatineau	Sunny Day
Ottawa	Dr. Annie Besant

\$4.00

ENGLISH IRIS

English Iris are considered by many to be the most beautiful of all bulb Iris. They are hardy in most parts of the country and are easily grown. Blooming after all the other bulb Iris and ahead of the Japanese varieties they fill an important place in the garden scheme. Their vigorous habit and lovely coloring in shades of blue, lavender, orchid pink, wine purple and white have gained great popularity for them everywhere. Beside their garden value the long stemmed orchid-like blooms are highly prized as cut flowers. Mixed colors only. **6 for 85c, 12 for \$1.50**

JAPANESE IRIS

Our Selection, Labeled

\$4.00

JAPANESE (Kœempferi) IRIS

When well grown these are the most spectacular of all and are often referred to as the queen of all iris. The plants we send our customers are vigorous clumps with heavy root systems and are not to be compared with divisions with few roots taken from old clumps. It actually costs us about 25c postage to ship a single plant of this quality across the country. Many dealers do not prepay shipments of Japanese iris because of the heavy expense. In addition to assuming this cost we claim that our plants are the finest obtainable anywhere at any price. We are confident a trial order will substantiate this claim.

CULTURE: Like most azaleas and rhododendrons these iris will not tolerate lime in any form. For best results heavily enriched soil and abundant moisture are necessary. After blooming they require no more moisture than other perennials. An ideal location is along the banks of a stream or pond. They are successfully grown in most parts of the country and do especially well in the Atlantic and Pacific states and the southern borders of the Great Lakes. Plant so that the crowns are about 2 inches below the ground surface. Do not expect typical flowers until the second year as they take more time to become established than bearded iris. In dry climates we cannot stress too strongly the importance of constant moisture during their growing season. In fact, if your water supply is unlimited select a location where you can flood the plants often and you will be rewarded with larger flowers. Any well rotted manure is the best fertilizer. If your soil is alkaline, the addition of aluminum sulphate, peat moss or oak leaf mold will produce the correct soil condition. If the leaves turn yellow, lime very likely is present and LIME is FATAL to these iris.

SHIPMENT: Spring or Fall.

STANDARD VARIETIES

AIRSHIP. Very large single difficult to describe. Light lavender blue tinted pink. **\$1.25**

AKA-FUKURIN (Red Border). A beautiful single with large semi-drooping falls of pure white striated and speckled rose on the borders. **\$1.50**

BANGKOK. Very early. Powder blue single with large gold spears. **\$1.00**

BEYA. Medium sized flowers of greyish lavender completely dotted and splashed blue and purple. First to bloom in this color class. **\$1.00**

BLUE GIANT. Gigantic drooping falls of blue suffused red purple. Orchid pink standards. A beautiful single of truly amazing size, attaining 11 inches in diameter. **\$1.00**

CATHERINE PARRY. Large double medium blue blooms, ruffled and tufted. **\$1.00**

DATEDOGU KOTAKA (Extravagant Display). We have seen nothing else like this bizarre variety. The large flowers are foxglove red variegated with the widest white veins of all. The blooms remind you of the well known barber pole. **\$2.00**

DELIGHT. A charming variegated variety of pleasing form and large size. Bluish lavender veined white. **\$1.00**

DIMOONEATHE. One of the beautifully tufted varieties with 4 to 6 accessory petaloids or styles. Large flat flowers of pure light blue. **\$1.50**

DORIS CHILDS. Very striking variety. Pearl white ground, brightly veined rosy plum. Single. **\$1.00**

ECLAIR. Double white delicately veined blue. One of the first to bloom. **\$1.00**

ELEANOR PARRY. Rosy purple with bluish tints. Double, large, flat blooms. Early. **\$1.00**

JAPANESE IRIS AIRSHIP

ELBRUS. Fine blue several degrees deeper than Dimooneathe and not quite as large. Double. **\$1.00**

EMI-HOTEI (Smiling God of Fortune). An outstanding double veined variety. Center of flower is bright blue shading to light purple at the margins. Entire flower is sharply veined bluish purple. Prominent gold spears and vivid purple styles. A few for fall shipment only. Lighter than Wara-hotei and without the tufted center. **\$2.00**

FASCINATION. Lovely mauve pink lightly veined white. Double. **\$1.25**

GANYMEDE. The deepest orchid pink in our list. Flat double flowers. **\$1.25**

GOKO. One of the prettiest marbled varieties. Ground color is pinkish lavender splashed and veined red purple. Wonderful substance. Semi-double. **\$1.00**

GOSECHI-NO-MAI (Dome of Gosechi). Another veined variety something like Emi-hotei but the general color effect is grayish lavender in place of blue. **\$1.00**

JAPANESE IRIS SHIMOYO

HOPi GIRL. Not large but one of the brightest red varieties we grow. Single. **\$1.00**

JEANETTE PARRY. Dainty single with white falls delicately veined blue. Tiny bright purple standards. **\$1.00**

JOSEPHINE HEYWOOD. Giant single of soft bluish lavender. Tall variety. **\$1.25**

KONGO SAN (Diamond Mountain). Very ruffled and heavily tufted dark bluish purple. An elegant variety. **\$1.25**

KON PEKI. A charming variety of subtle coloring. A softly shaded blend of red purple, lavender and blue. Very late double. **\$1.25**

KUMO-NO-ObI (Band of Clouds) (Formerly listed as Kyodaisan). Like Delight except that the ground color is pure lavender. **\$1.00**

KURO-KUMO (Dark Clouds). Very deep bluish purple of intensely ruffled form. Tall double and one of the very last in bloom. **\$1.00**

LA FAVORITE. Early, large ruffled white, faintly veined blue. Lovely. **\$1.00**

LIGHT-IN-THE-OPAL. Gorgeous orchid pink enhanced by blue halo in center. A masterpiece and a rare color. **\$1.50**

MAHOGANY. An old variety of richest color. About the deepest red double and highly recommended. Late. **\$1.00**

MAHOGANY GIANT. Large red a little lighter than Mahogany. Striking gold spears. **\$1.50**

MARGARET S. HENDRICKSON. One of the best medium blues. Magnificent double to triple flower with tufted center. **\$1.50**

MARJORIE PARRY. Giant ruffled white with pale blue flush in center. **\$1.50**

MARY GORY. The finest named double seedling from Carl Starker. Variegated flowers of delft blue veined white. **\$1.00**

MATA HARI. A single light orchid pink self. Very tall and vigorous and one of the loveliest varieties we grow. **\$2.00**

MIRAGE. Single pale lavender with dark markings. Quite prolific. **\$1.00**

MRS. J. A. HAYDEN. Beautiful large white suffused light violet blue. Garden effect is light blue. Very popular. **\$1.25**

MRS. GEORGE STUMPP. Immense white falls and small mauve rose standards. A most fascinating single variety. **\$1.00**

OLYMPIA. A noble semi-double iris of perfect form and heavy substance that withstands hottest days better than most varieties. Immense purest white falls. Standards and styles are white flushed lavender to orchid pink. A few plants for fall shipment. **\$2.00**

ORIOLE. Light crimson double of ruffled form and excellent substance. **\$1.00**

OSAMARU-MIYO (Peaceful Reign). Very beautiful white, veined blue. Perfectly formed double flowers. **\$1.50**

OTOMENE (Reposing Maiden). One of the largest varieties we grow. Very tall, dusky plum purple. Single. **\$1.00**

PAINTED LADY. Single charming white. Central portion overlaid delicate pink. **\$1.00**

PERFECT PEACE. Our most beautiful cream white variety. The intense ruffling and tufted centers are unequaled by any other white. We never have enough. Fall shipment. **\$2.50**

PURPLE and GOLD. Double rich violet purple with white petaloids tipped violet. Bright golden center. **\$1.00**

PURPLE GLORY. The outstanding red purple single in our collection. Striking large flowers. **\$1.25**

RED RIDING HOOD. An old timer and still hard to beat in its color class. Deep rose or hollyhock red with large white center. Wonderful garden color. **\$1.00**

ROSE ANNA. This unique variety is unlike all others. Color is mauve or rosy lavender sharply veined deep purple. Bright purple styles and large yellow spears. Double. **\$1.00**

SATSUKI-BARE (Clear May Sky). The double counterpart of Painted Lady. White with pinkish center. Not large but a lovely color combination. **\$1.00**

SEIRYUTO (Dragon Halberd). A bicolor of most delicate color pattern. Soft campanula blue falls and orchid pink standards. Semi-double. Fall shipment. **\$1.50**

SHADOW. Tall reddish purple single. Lighter shade and of different form than Purple Glory. Robust and a heavy bloomer. **\$1.00**

SHIMOYO (Frosty Night). Our most striking veined single of elegant form. Falls pearl blue sharply veined deepest violet. Largest bright yellow spears. Standards plum purple edged white. Very tall and well branched. A best seller. **\$1.50**

SHINSO-KAJIN (Secluded Beauty). Large single of form like Zama-no-mori. Falls are palest blue and standards are deep lavender. Rather late. Fall delivery. **\$1.50**

TORA-ODORI (Dancing Tiger). A redder version of Nishiki-gi but not quite as large. A most desirable marbled double variety. **\$1.00**

T. S. WARE. The double counterpart of Red Riding Hood. Intensely ruffled red with beautiful white center. **\$1.00**

WAKAMUSHA (Young Knight). Brilliant variegated double. Pearl white ground veined deep violet purple. Tufted center made up of many bright purple petaloids. Outstanding. **\$1.25**

WARAI-HOTEI (Jovial God of Fortune). A rare and most handsome variety. Intensely ruffled light blue with pronounced darker vein-

ing. Brilliant purple tufted center. Very late double. **\$2.00**

YOMONO-UMI-UYEKI (All the Seas). A rare and beautiful pure medium blue variety. Flat flowers and very early. **\$1.50**

ZAMA-NO-MORI (The Appearance of Dancing). An enormous single measuring up to 11 inches in diameter under right conditions. The gigantic drooping falls are white tinted sky blue which fade to white as flowers age. Tiny standards. One of the most beautiful iris which sells out every year. **\$2.50**

HIGO STRAIN (Japanese Iris)

JAPANESE IRIS HISAKATA (Higo Strain)

We are pleased to offer for the first time many varieties of this magnificent strain. Although the Higo iris are new and almost unknown in America they are recognized as the highest development of *Iris kaempferi* in Japan. Immense flowers up to one foot in diameter, richest colors, heavy substance and velvety texture characterize this strain. Many are intensely ruffled. And best of all Higo Iris possess exceptional vigor and give better results under ordinary garden conditions than other strains. Several of the varieties listed this year were imported from Japan shortly before the war. As stocks of all are very limited we advise early ordering if you wish to avoid disappointment.

APPARE (Splendid). Giant double of deep crimson shading to light rose at the base. Narrow white veins radiate from center to margins of the flower. Very few plants. **\$2.50**

ASAGIRI (Morning Mist). A dainty semi-double and a quaint color combination. White falls dotted and brushed blue. Standards soft lavender veined red purple. **\$2.00**

BENI-FUYO. A most beautiful variety with tremendous color appeal in the garden. The double flowers are deep vivid rose shading to light pink in the center. The pure white styles are edged crimson purple. Only a few plants to spare this year. **\$4.00**

CHITOSE-NO-HOMARE. Large amethyst violet with white center and white veins. White styles tipped violet. Most handsome double. **\$2.00**

CHUGAI-NO-HOMARE (Pride of Chugai). Impressive aconite violet with prominent white veins extending almost to the deeper blue margins. White styles tipped aconite violet. Color effect in garden is powder blue and white. Double. **\$3.50**

FUJI-GASUMI (Mist on Mt. Fuji). A tall and queenly white but not a pure white. The huge 11 inch flowers are lightly brushed heliotrope which fades as the flower ages. A strong grower. Double. **\$2.00**

HANA-GATAMI. About the lightest of the red bordered varieties and indeed an iris possessing much charm and refinement. Large semi-double. **\$2.50**

HINODE-DZURU (Crane at Sunrise). We consider this about the finest of the red singles. The giant drooping flowers are deep crimson with white centers and narrow white veins extending almost to the margins. Pure white styles tipped reddish purple. **\$3.00**

HISAKATA (Lofty Heaven). This massive deep midnight blue is unsurpassed in its color class. The bright yellow blotches in the center are bordered by a brilliant indigo area adding beauty to this very late blooming variety. Double 10-11 inch flowers. Our large stock allows a most attractive price. **\$1.50**

ISO-NO-KAMONE. A large pure white of incomparable beauty and grandeur. Few others exhibit such intense ruffling as this gorgeous variety. Only a few to spare this year. **\$3.50**

KARAGINU (Imported Silk). Immense 10 inch blooms of royal purple with bright yellow spears and a few inconspicuous white veins in center of flower. Perhaps the finest of this color. Double. **\$2.50**

KARAHASHI (Chinese Bridge). This gigantic red purple of heavy substance and velvety texture attracts all visitors. The ruffled petals are amazingly large and even though this variety is a rapid increaser we never have enough stock. One of the most popular varieties in our collection. Double. **\$2.00**

KIRI-FURI-NO-TAKI (Waterfall Enveloped with Mist). Deepest pure violet variety with prominent yellow spears. Rather late double. **\$2.00**

KUME-NO-MAI (Dance of the Kumes). Late blooming deep crimson self of extra fine substance and texture. A rare double variety and the deepest of the red shades. **\$4.00**

KUNSHI-KOKU. Huge single flowers of purest white with narrow deep crimson border. In no other variety is the color pattern as sharply defined. Nothing else like it. **\$3.00**

KURUMA-DOME. This amazing beauty might be described as the double counterpart of Kunshi-Koku. However, the ground color is not quite as pure as in the single variety. The large crisp flower displays the narrowest border of all in this color class. Beautifully crimped edge. **\$2.50**

MIODOROKI (Three Surprises). A giant double which will produce flowers one foot in diameter under ideal conditions. Color is rich plum purple shading to violet at the center. Elegant ruffled flowers. **\$3.50**

MIYUKI-GURUMA (Imperial Carriage). Another immense intensely ruffled double of the red bordered sort. However, the border is so wide that we can hardly decide whether to class this one as a white with crimson border or a crimson with the white center. Always greatly admired. **\$2.50**

NAGAO-ZAN (Nagao Mountain). This spectacular variety will really stop you. A giant ruffled double that easily produces 10 inch flowers with no extra coddling. Color is clear porcelain blue with white center. Certainly one of the most desirable of all. **\$4.00**

NISHIKI-GI (Brocade Trees). Most outstanding of the marbled varieties. The double flowers are pearl white heavily striated and mottled imperial purple and light blue. Deep purple styles. **\$2.00**

SANO-NO-WATARI (Ferry at Sano). Perhaps the biggest single of all. The massive white falls are dotted and splotched violet on the margins. The small standards are edged purple and enclose pure white styles tipped bluish lavender. A fascinating giant of wavy and drooping form. **\$3.00**

SETSU-NO-HOMARE (Pride of Settsu). A Doge purple double with large white center. The striking pure white styles tipped bright red purple invariably catch the eye. **\$2.50**

SHIMEI-NO-AKI (Autumn). Immense flat double flowers of light porcelain blue variegated by wide white streamers. (Fall shipment.) **\$2.50**

SHINO-NO-ME (Dawning Sky). The finest pure lavender double we have seen. The huge ruffled flowers attain 11 inch diameters and the lovely light lavender color will appeal to those who prefer the delicate shades. **\$4.00**

TAMA-NO-KIZAHASHI. A greatly improved T. S. Ware. Flowers are much larger and possess better substance and texture. **\$2.50**

TEN-NO-HAGAROMO. Very large single of beautiful form and crepe like texture. Color is rich glowing crimson with no variegation. One of the reddest varieties. **\$2.50**

TEN-YU. Beautiful rose purple with large white center and prominent orange spears. Surrounding streamers radiate almost to the margins which are delightfully frilled. **\$3.00**

TOYAMA-GARASU (Crow of Distant Mountain). Large double magenta rose shading lighter at the center. Bright yellow spears and light purple styles. **\$2.00**

MISCELLANEOUS IRIS SPECIES

This list includes many lovely Iris, some suitable for growing in shade under trees and others ideal subjects for the rockery.

CULTURE: With exception of the western natives and some species of the Evansia section these iris will thrive under ordinary conditions. The Oregon natives enjoy a woodland soil and where hot dry summers prevail afternoon shade and additional moisture is advisable. Where zero temperatures occur without snow a winter mulch is necessary for these natives as well as *I. japonica* and *I. stylosa*. Species of the sibirica section including *Chrysographes*, *delavayi*, *forrestii* and *wilsoni* are moisture lovers and will suffer from drouth. *I. hyacinthiana* is extremely hardy and drouth resistant and will thrive anywhere.

SHIPMENT: Spring or Fall.

***BRACTEATA.** Beautiful yellow faintly veined purple. This is one of our best western natives and we have an unusually fine color form. Sun or shade. 6". .60

***CALIFORNICA.** Small dwarf native of amazing color variations. Blue, violet, bronze and yellow shades. 6". .50

CHRYSOFOR. Hybrids from *Chrysographes* and *forrestii*. Various shades of blue and yellow. All are charming. 12"-16". .50

CHRYSOGRAPHES (Sibirica section). Brilliant dark pansy purple with gold markings. Likes moisture. 24". .75

IRIS CRISTATA

CRISTATA (Evansia). Delightful little crested iris of light blue and gold. Sun or semi-shade. 4". .50

DELAVAYI (Sibirica section). Varying shades of blue on white ground. Very late, blooming with the Japanese varieties. 3-4'. .75

DICHOTOMA. Only member of the Pardanthopsis Section. The flowers are comparatively small but they bloom profusely on branched 3 foot stems for many weeks in August and September. Color varies from pale to deep lavender. Easy in any soil. .50

***Western Oregon Natives.**
We recommend spring planting.

DOROTHEA K. WILLIAMSON. Dark velvety purple of excellent substance. Fine for cutting. 10". .50

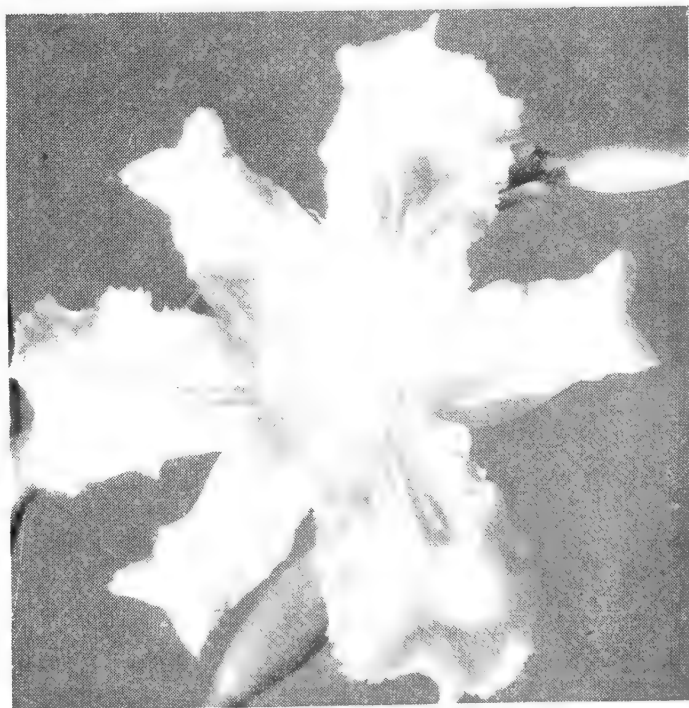

***DOUGLASIANA.** One of the larger western species in various colors including lavender, blue and soft yellow. Elegant evergreen foliage and does well in heavy shade. 10-12". .60

***DOUGLASIANA ALBA.** Beautiful pure white selection. Quite rare. \$1.25

FORRESTII. Very dainty species with grass like leaves and soft yellow flowers. 12". Sun. .50

GRACILIPES (Evansia). An Iris from fairyland. Exquisite and dainty crested species of soft lavender and yellow on thin wiry stems. One of the most fascinating miniature species. 6". .75

GRACILIPES, BLUE ROSE. A beautiful double form introduced in 1947 by Carl Starker. Color is similar to the type but established plants produce flowers of 30 to 40 petals, suggesting the name. \$2.50

IRIS JAPONICA

My order for a few Siberians, Tectorum Alba and a dozen English Iris came through in good shape. Thanks very much for "Helen Astor" gratis. You are very generous and the plants were fine ones also.

Mrs. L. F. R., Whitehaven, Tenn.

GRAMINEA. A fine species that blooms well in shade. Red-purple and violet-blue flowers. Plum fragrance. 6". .75

HYACINTHIANA. Ensata type. Most charming creamy white flowers penciled blue. Must be established before blooming well and is then very drouth resistant. Sun. 6-8". .50

***INNOMINATA.** We consider this our most beautiful western native and one of the finest of all iris. Color ranges from mellow butter yellow to deepest glowing orange and from light to dark blue and lavender. Some are selfs and others penciled red or brown. The dark green leaves are evergreen and this does well in light to deep shade. 6-10".

Mixed colors. .60. Selected orange \$1.50

JAPONICA (Evansia). Sprays of dainty orchid like blooms on 2' stems. Very pale blue with yellow crests. Luxuriant evergreen foliage. Shade. .60

PSEUDACORUS. Bright yellow species with splendid foliage similar to Japanese varieties. Thrives in boggy location. 36". .35

***PURDYI.** Flowers are similar to Bracteata but larger and in some forms delightfully ruffled. Color is variable including cream, yellow and lavender. 8". .50

RUTHENICA. Dark blue purple. Like a tiny Siberian. Suitable for the rockery. 4". .50

SINTENISII. Miniature spuria. Dainty blue and white flowers. 8". .60

STYLOSA, ANGUSTIFOLIA. The intriguing winter blooming iris. Dwarfier than marginata with smaller flowers and much narrower

foliage. More suitable for the rockery than the larger form. Lavender to purple. 8". .50

STYLOSA, MARGINATA. Large, soft lavender flowers which come into bloom at any time throughout the winter and early spring months. Sun. 10". .50

STYLOSA, MARGINATA ALBA. Rare and beautiful. Pure white form. \$1.00

TECTORUM (Evansia). The largest crested iris. Wavy lavender blue. Sun or light shade. 12". .50

TECTORUM ALBA. Enchanting white form with gold markings. A lovely iris. .75

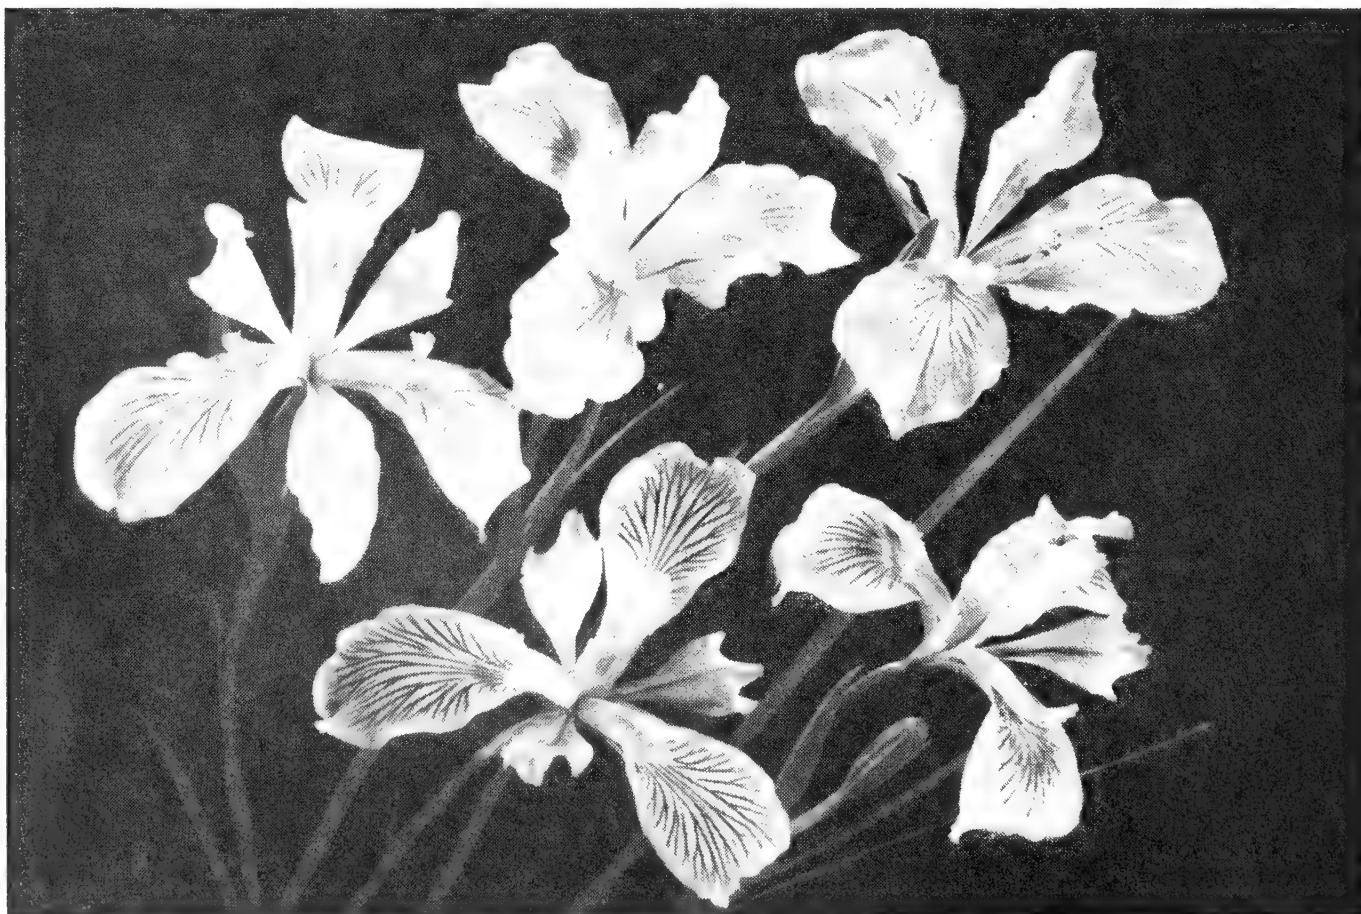

***TENAX.** Mixed colors only. Selected from the best pink, buff, rose, lavender and purple shades. This is our easiest western native species to transplant and favorable reports have been received from most parts of the country. Sun or shade. 6". .50

***TENUIS.** One of the rarest of all iris as its range is restricted to a very small area in western Oregon. White flowers lightly flushed lavender blue with yellow marking. Closely related to the Evansia Iris and distinct from all other western species. \$1.00

VINICOLOR. A species of the Louisiana group. Large wine red flowers on well branched 3 foot stems. Fine for cutting. \$1.00

WILSONII. A larger grown up Forrestii. Rare. 30". \$1.00

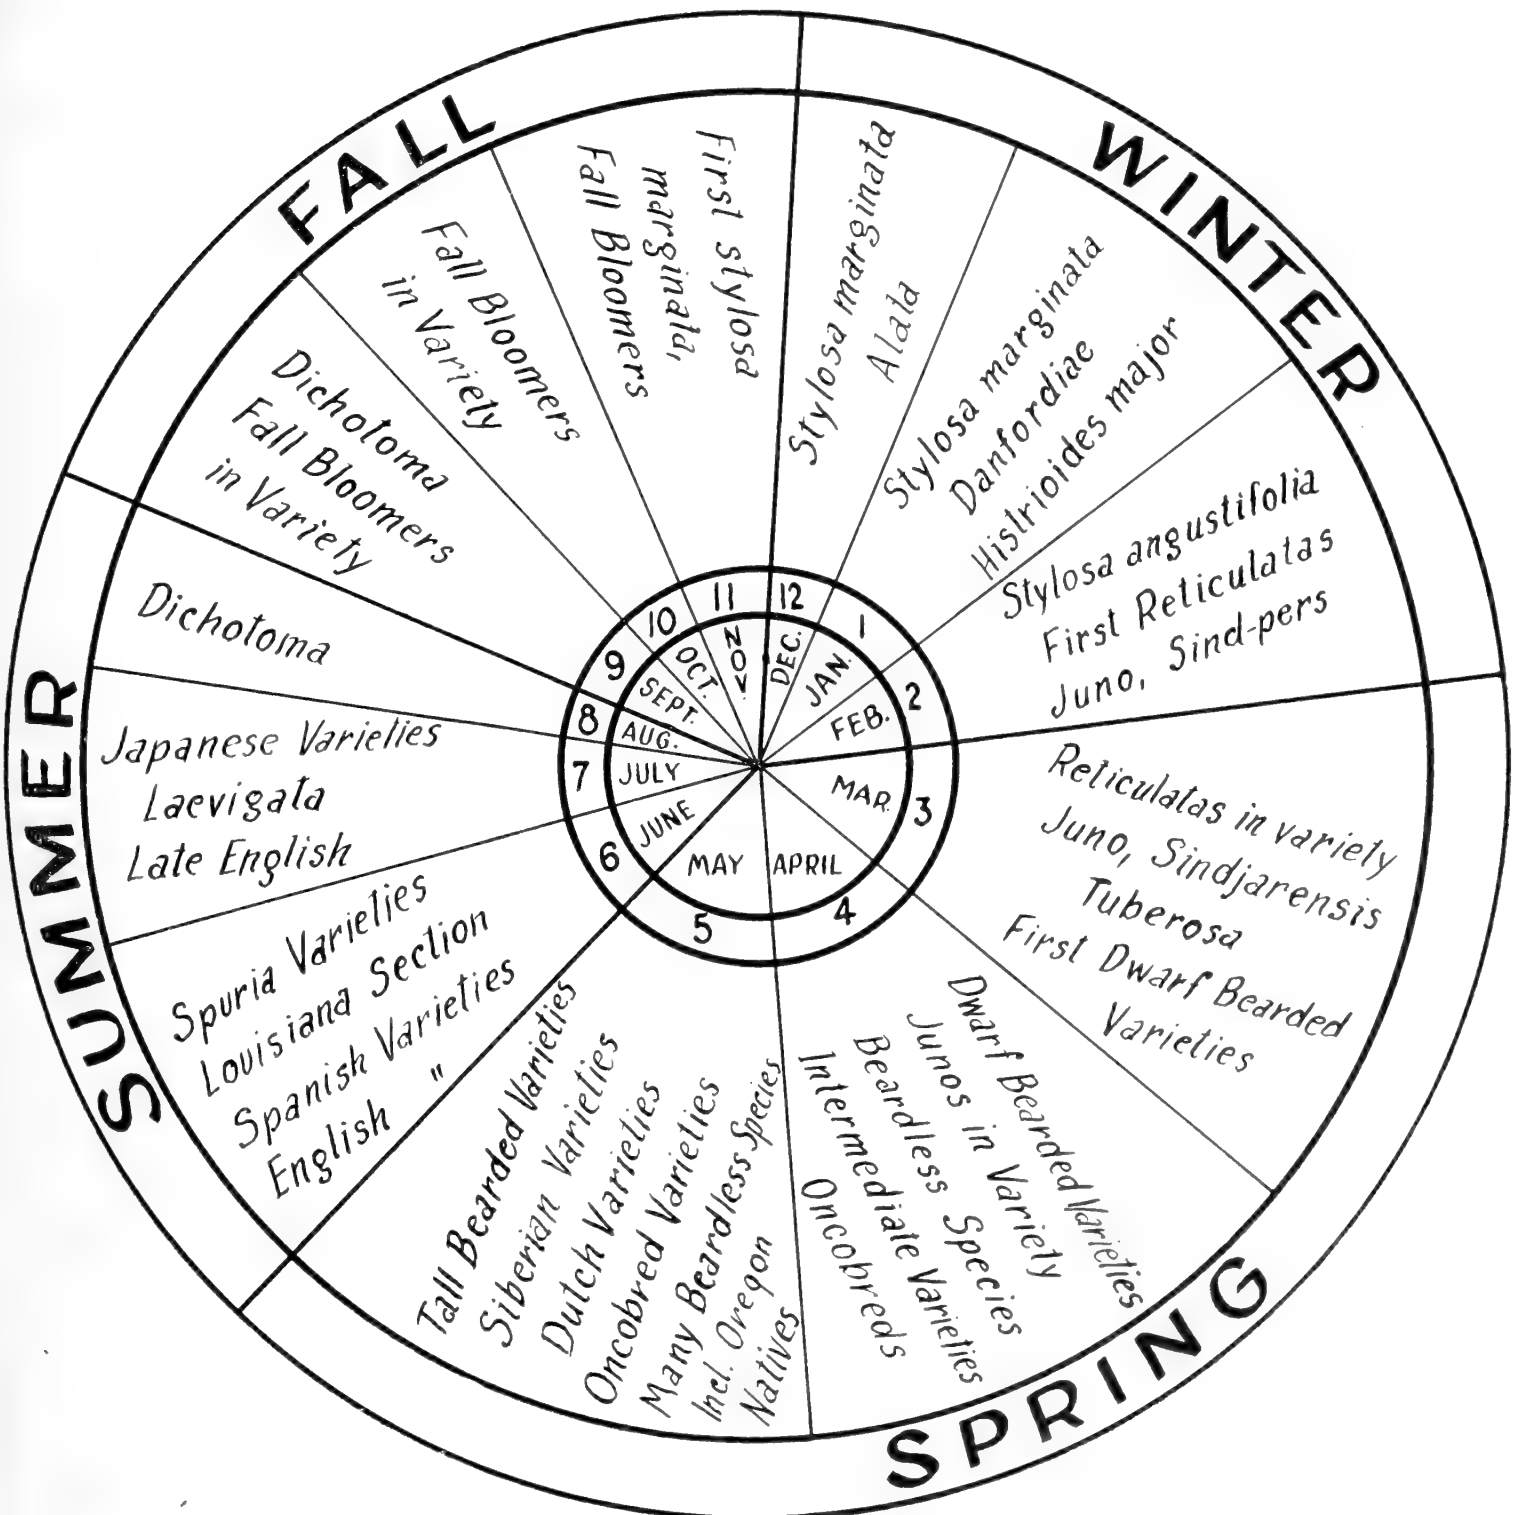

***Western Oregon Natives.**
We recommend spring planting.

OREGON IRIS INNOMINATA X DOUGLASIANA

DO YOU KNOW YOU CAN HAVE IRIS IN BLOOM THE YEAR 'ROUND

You select a winner every time when you select Iris. Study the
IRIS WHEEL OF FORTUNE
and note that every month of the year finds some kind of Iris
in bloom.

NOTE: Blooming season will naturally vary somewhat in different parts of the country.

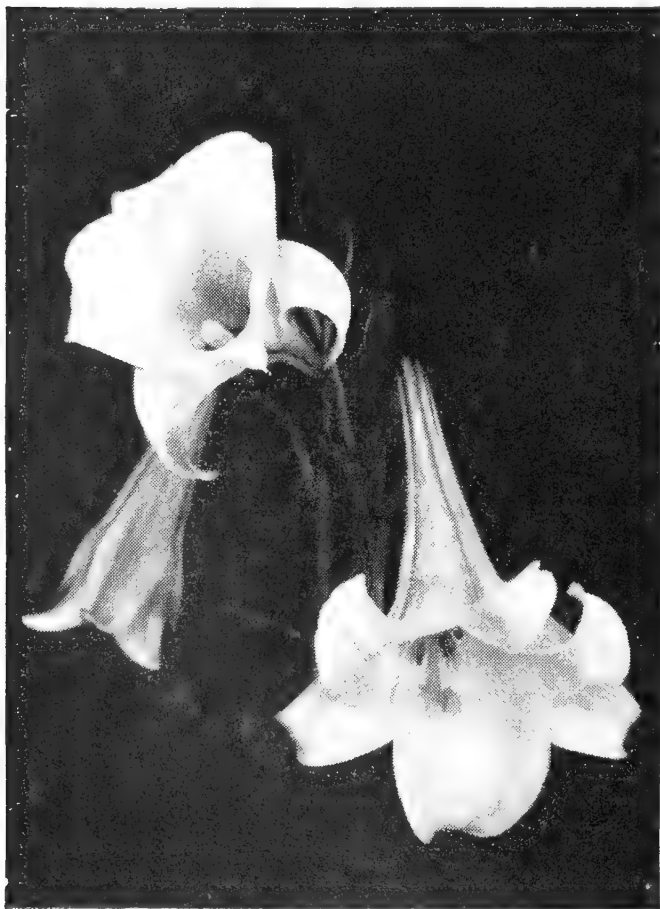

LILIES

No flower garden is complete without the Lilies. Because of their sheer beauty, blooming season and value also as cut flowers they are unsurpassed as perennial subjects. Those we offer here are of easiest culture and will provide flowers throughout the summer months.

CULTURE: THE LILIES offered in this catalogue are all of easiest culture and very disease resistant with the exception of Sargentiae and Formosanum which are susceptible to mosaic. However, by planting these two away from the other Lilies they can be as permanent as any. Plant the bulbs about 6 inches deep in loam or clay soils, a little deeper in light sandy soil. Always bear in mind that sharp drainage is the most essential requirement for the successful growing of the Lilies we offer. All will bloom in shade but the strongest plants and most flowers are obtained when planted in full sun. During very hot weather afternoon shade will prolong the life of the blooms. All are quite hardy and require about the same moisture as the other perennials in your garden.

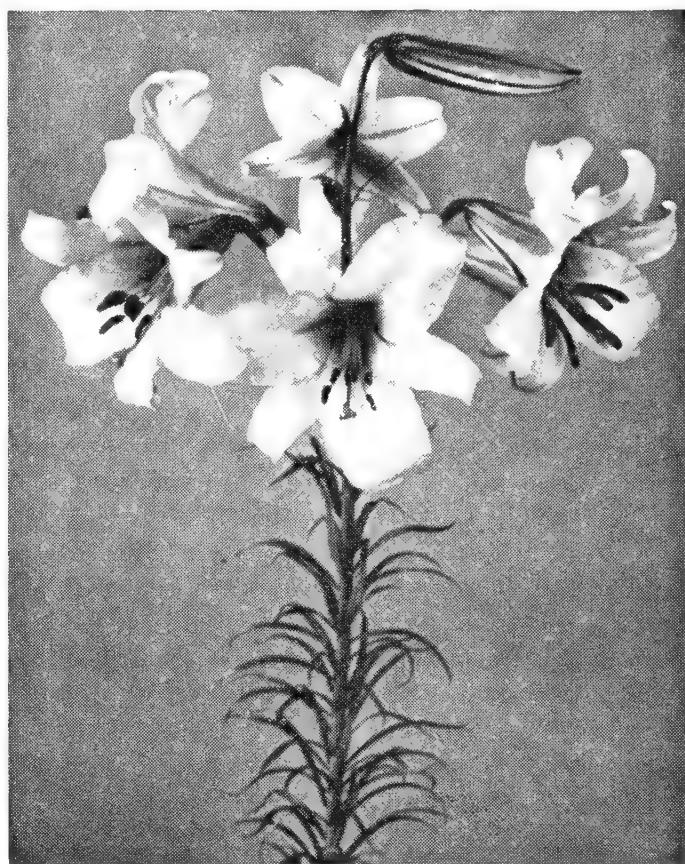

SHIPMENT: Fall to January 1.

ELEGANS, PEACH (New). A selection of elegans and one of the most sumptuous lilies we have seen. The color is a luscious salmon orange. The immense flowers measure up to 8 inches in diameter and the wide overlapping petals leave nothing to be desired. Like other lilies of this type Peach is of easiest culture and will do well anywhere. **\$1.00**

FORMOSANUM (Philippinense). One of the easiest of all lilies but extremely susceptible to mosaic. The bulbs we supply will be entirely from young seedling stock and absolutely disease free. Earliest dwarf form, coming into bloom in July. 2 to 3 feet high. Beautiful long trumpet flowers of purest white with pale green throat. **.40**

HENRYI. A splendid robust growing lily attaining 8 feet or more in height when estab-

L. REGALE

lished and bearing 15 to 20 lovely reflexed flowers of soft orange yellow. Aug. **.50**

REGALE (the Regal Lily). No flower garden should be without this extremely hardy lily which is of easiest culture. Large, beautiful white with yellow center and exterior tinted purple or brown. Ours is a selected strain producing extra large flowers with wide petals. Largest bulbs produce 30 to 40 flowers on stems 6 to 8 feet high. Splendid planted with blue delphiniums. Strong blooming size bulbs. **.30 each, \$3.00 per doz.**

SARGENTIAE. A rare and beautiful species something like the Regale but comes into bloom at least 6 weeks later. Also green throated instead of yellow with striking brown anthers and brown markings on outside of petals. The only white trumpet species which bears stem bulbils. 6 to 9 ft. August, **.75**

SUNSET (*Pardalinum giganteum*). This lovely and colorful lily is practically fool proof. A strong vigorous grower up to 8 feet, bearing as many as 15 to 20 recurving flowers of glowing sunset red with a yellow base and speckled amber brown. July. A rapid increaser. **.40**

TIGRINUM FLORE-PLENO. A very handsome double form of the common Tiger Lily. Dark salmon orange flower speckled glossy black and blooms just a little later than the single type. 6 ft. Of easiest culture. Sept. flowering. **.40**

UMBELLATUM GRANDIFLORUM. Rather dwarf lily producing large clusters of upright flowers on sturdy 24" to 30" stems. The color is orange red with some variations. Of easiest culture everywhere and a fast increaser. June. **.35**

WILLMOTTIAE. One of our most graceful lilies, producing numerous dainty tiger lily like flowers in pyramidal formation on arching stems 4 to 6 feet. Color is bright deep orange with many shiny black dots. Does well in both sun and shade. Late July. **.40**

SUNSET (L. PARDALINUM GIGANTEUM)

DAYLILIES (*Hemerocallis*)

This splendid perennial is gaining most rapidly in popularity due to the appearance of new colors and much improved yellows. Daylilies are so easy to grow anywhere and under any conditions that every garden should contain at least a few.

CULTURE: *HEMEROCALLIS* will grow and bloom in almost any soil and in all parts of the country. They will bloom in full shade or sun but are at their best with afternoon shade as the very hot sun will fade the flowers somewhat. They are truly a lazy man's flower because once planted they will take care of themselves.

SHIPMENT: Spring or Fall.

APRICOT. Very early blooming variety of apricot yellow. Nice planted with iris. 2 ft. **.50**

BAGDAD. A bright red and brown which is quite brilliant in the garden. 3 ft. June-July. **.50**

BLACK FALCON (Nesmith). The largest of the dark varieties. Flowers possess elegant form and are lightly ruffled. Color is dusky mahogany with light yellow center. **\$7.50**

BLACK PRINCE (Russell). About the darkest variety we have seen. Large open flowers that are wide petaled. Highly recommended. August. **\$3.00**

CANARI (Nesmith). Beautiful pale canary yellow. Large flowers of good form. Most effective among evergreen shrubbery in partial shade. July-August. **\$4.00**

CHIEFTAIN (Russell). Good red of medium size. Two year clumps produce a mass of blooms. July. **\$1.50**

DAUNTLESS
TRIUMPH

DAUNTLESS. Lovely cream yellow with rose tints in central portion of flower. 2 ft. July-August. **\$1.00**

DAWN PLAY (Nesmith). Deep rose with golden yellow throat. Flowers open wide and are produced on well branched 4 foot stems. July-September. **\$5.00**

DOMINION (Stout). A daylily of rich color that is especially liked here. Large brownish red deepening in color towards the center which is yellow. July. **\$1.50**

DR. STOUT (Traub). Deep orange peppered cinnamon. Nice open flowers. July-August. **\$2.50**

DUCHESS OF WINDSOR (Traub). Lovely variety of most delicate coloring. Cream with rose tinted throat. Wide petaled flower on 2 foot stems. July. **\$1.50**

DUNCAN (Wheeler). The earliest red in our garden. Large maroon flowers with golden throat. Rapid increaser. June. **\$2.00**

E. W. YANDRE (Hayward). A brown flower with a golden tint. Large and different. **\$1.00**

FELICITY (Nesmith). Huge deep cream or pale yellow. Wide open flowers of ruffled form and exceptional substance. Prolific bloomer over a long period. July-September. **\$7.50**

GEORGE KELSO (Traub). Large flowers of beautifully ruffled form. A blended bicolor of reddish bronze and tan. Fine grower. July. **\$2.00**

GEORGE YELD (Perry). One of the very largest Daylilies. Combination of orange and brownish rose. July. **.50**

GOLDENI. Pure golden orange. 3 ft. July. **.50**

HALO (Wheeler). New light yellow faintly dusted brown. Recurved frilled flowers. July. **\$4.00**

HAZEL SAWYER (Wheeler). Most unusual color. Recurving flowers are mauve or lavender pink with deeper tinted centers. Different. **\$5.00**

HESPERUS (H. P. Sass). Purest light yellow that is hard to beat. Very large. 7 inch flowers on tall stems. July. **\$1.50**

HYPERION. Large canary yellow with waxy finish. A famous Daylily. 3-4 ft. July-Aug. **.75**

IMPERATOR (Perry). Star shaped flowers of brick red with yellow throat. July. **.50**

J. A. CRAWORD. Early, large, bright apricot yellow. Excellent. June. 3-4 ft. **.50**

MARGAURITE PALMER (Russell). Rosy red and lemon. Strong grower. **\$1.25**

MATADOR (Nesmith). Cup shaped flowers of medium size. Bright mahogany red. 3 feet. July-August. **\$3.00**

MIKADO. A splendid Daylily that is most popular. The color is dark orange with a mahogany red throat and it is a prolific bloomer. 3 ft. July-October. **.50**

MINOR. Dwarf light yellow suitable for the rockery. 12". June-July. **.50**

MOIRE. This lovely Daylily is a brownish rose self of amaryllis form and wide petals. One of our favorites. 2½ ft. July. Fall shipment only. **\$1.50**

MONOGRAM. A lovely bicolor quite different from the others in this list. Rose red petals and soft yellow sepals. 3½ ft. Fall shipment only. **\$1.50**

MOONBEAM (H. P. Sass). Color is very similar to Canari but flowers are larger and taller. Blooms over a long season from July to late August. Very tall, up to 5 feet. **\$2.00**

PINK CHARM (Nesmith). A most charming Daylily of fully reflexed lily form. Dusky rose pink with light yellow center. We like it immensely. 4 feet. July-August. **\$4.00**

PRISCILLA (Russell). Wide petaled flowers of deep blush rose. One of Russell's best. **\$1.50**

PURPLE WATERS (Russell). One of the very best of the so-called purple varieties. Color is actually wine red with lemon yellow throat. June-July. **\$2.00**

RAJAH (Stout). Gaily colored flowers of orange red and deep mahogany centers. Heavy bloomer. July-August. **\$1.00**

RED RIOT. Medium size flowers of intense color. Dark red, near garnet, and just as near to true red as many of the much higher priced novelties. 3½ ft. July-Aug. Fall shipment only. **\$1.50**

Just a card to let you know I appreciate the wonderful plants I received today. I have bought Kaempferi Iris all over U. S.—always a piece about the size of my little finger and always lose half. These today were the finest I ever received . . . they were large and green. I am a member of three garden clubs. Believe me they will learn of you.

G. I. W., Puyallup, Wash.

RUBY SUPREME (Wheeler). One of the highest rated red Daylilies that has won highest awards. Large 6 inch flowers of deep ruby red. Good grower. July-August. **\$5.00**

SACHEM (Stout). Medium sized deep red which does not fade even in hottest sun. Most desirable. **\$1.00**

SIRIUS. Bright orange with faint purple flush in throat. July-Aug. 2 ft. **.50**

STAR OF GOLD. Huge, magnificent blooms of light yellow on tall branched stem. Star-like flowers. 4 ft. August. **\$1.00**

SUE. A bright red of medium size which is most colorful in the garden. Prolific bloomer. 3 ft. Fall shipment only. **\$1.50**

THERON (Stout). If you want something entirely different in Daylilies try this one. Flowers are deepest red purple with light yellow throat. In addition the petals are twirled and twisted. We like it. **\$2.00**

TAJ MAHAL (Russell). Not highly publicized but we consider this one of the prettiest Daylilies. The medium wavy flowers are maize yellow with showy purple centers. Very effective in a clump. 24 inches. **\$1.50**

TRIUMPH (Stout). The finest orange in the lower price class. Large flowers of nice form. The wide petals slightly frilled on edges. **\$1.00**

WEKIWA (Traub). Brazil red (Maerz and Paul) and one of the brightest of all. Large starry flowers on 40 inch stems. Extra good. **\$3.00**

Iris and Lily bulbs received in good condition. Was very well pleased with size, health, etc.

E. B. G., Glendale, Calif.

NEW TRITOMAS

Do you have a dry and sun baked spot in your garden that has proved unsuitable for what perennials you now have? Then try some of the colorful new tritomas. The hottest sun and any soil that has drainage will accommodate any of these hybrid Red Hot Pokers which are hardy almost anywhere. Some are in flower from June until frost. All are wonderful keepers as cut flowers and their graceful form in floral arrangements is most pleasing. A 3 or 4 year old clump will be one of the most spectacular subjects in your garden.

CULTURE: TRITOMAS are SUN lovers so don't try growing them in shade. Like the Hemerocallis they will thrive in any soil and are quite drouth resistant. In mild climates they are evergreen which makes them ornamental the year around. For the colder sections of the country spring planting is recommended.

SHIPMENT: Spring or Fall.

TRITOMA

to be desired. Blooms in July and again in the fall. 36".

GOLDMINE. A beautiful hybrid of soft golden amber on 30-inch stems. Also valuable for its long blooming season which extends from late July to the first frost. Very popular. .50

PRIMROSE BEAUTY. This charming Tritoma with its enchanting light primrose yellow spikes leaves nothing except that flowers are pure ivory white. Splendid cut flowers. .50

ROBUSTUS. Heavy spikes producing thick round flowers. Top of spike light red, lower part light yellow. Strong grower. Blooms with Primrose Beauty. 36" .50

SPRINGTIME. The earliest Tritoma and one of the most fascinating. Upper part is bright coral red and lower half is ivory white. A most pleasing combination that attracts all who see it. June-July. 40". .65

VANILLA. Dainty variety with narrow grassy foliage. Flowers are a uniform light soft yellow on 30-inch stems. The most prolific bloomer of all and never without flowers from July to frost. .50

WHITE FAIRY. Like Vanilla in all respects except that flowers are pure ivory white. Splendid cut flowers. .50

COLCHICUMS

Commonly called autumn Crocus. However, the colchicums are much larger in leaf and flower. They are lovely planted among shrubs or in the large rockery and if left alone increase into large colonies in a few years. If you like fall color in your garden try some this year. The bulbs are shipped during the late summer months only and will bloom shortly after you receive them whether planted OR NOT!

CULTURE: COLCHICUMS like other bulbs become dormant during summer months and are extraordinary in that the foliage is produced in spring but the flowers do not appear until fall. Plant the bulbs about 4 inches deep in any good garden soil where they may be left alone for years if desired. Heaviest bloom is produced in full sun, though we do get fair results here in one-half to full shade. If wanted in the rock garden do not plant them too near their neighbors as the leaves take up considerable space in spring.

SHIPMENT: Late Summer and Early Fall.

AUTUMNALE. Rosy lilac flowers. Many produced from each bulb.

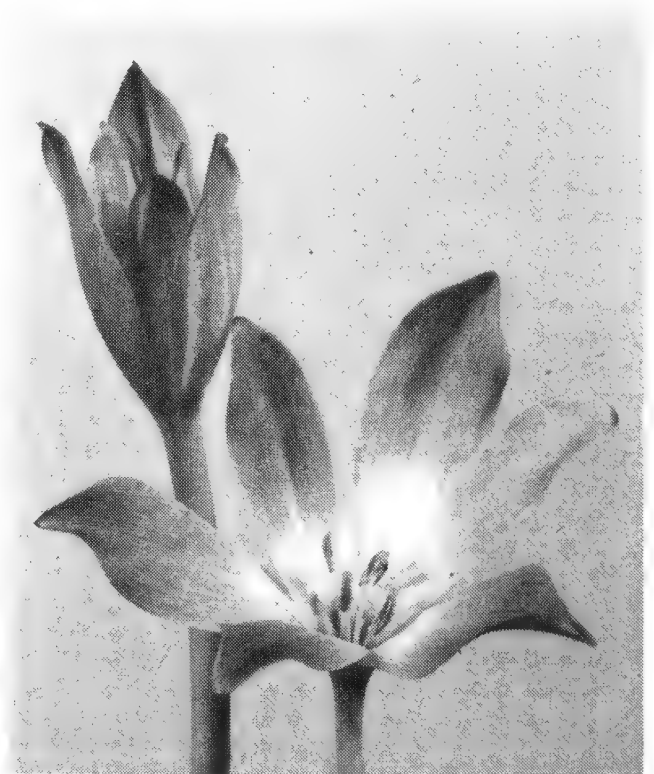

.20 each, \$2.00 per doz.

AUTUMNALE ALBUM. Pure white form. Strong grower and increases rapidly.

.25 each, \$2.50 per doz.

BORNMUELLERI. Beautiful species with giant flowers. Pinkish violet and pure white centers. We cannot recommend this too highly. .50

VARIEGATUM. The most attractive of the checkered kinds. Rosy violet and white flowers bloom almost on the ground. Lovely in the rockery. .50

COLCHICUM (Bornmulleri)

ENGLISH CHRYSANTHEMUM CRUSADER

COLORFUL HARDY CHRYSANTHEMUMS

For various and abundant colors in late summer and fall Chrysanthemums are indispensable. Besides their garden value they are unsurpassed for cutting. We offer no late flowering varieties as in most sections of the country these are not suited for outdoor culture. Our Chrysanthemums are strong well rooted plants that will establish quickly in your garden. All are rooted outdoors and are much harder than greenhouse rooted plants.

CULTURE: CHRYSANTHEMUMS develop into the best plants and bear the finest flowers from rooted cuttings started in spring. Of course, undivided clumps will bloom from year to year but the foliage and flowers will be vastly inferior. They like good rich soil and abundant water during the dry weather. A mixture of sand, leaf mold and rotted manure is ideal but any fertile friable soil slightly acid is very satisfactory. Good drainage is imperative as they often winter kill in poorly drained heavy clay soils, but they will endure zero temperatures if the proper soil and drainage are provided. All Chrysanthemums bear larger flowers if disbudded. However, with the exception of the incurved varieties, disbudding is not essential as they are just as effective in sprays either in the garden or in bouquets.

SHIPMENT: April 15 to June 1.

EARLY ENGLISH VARIETIES

Are the solution for those who prefer large early flowering types. Disbudding will reward you with 6 to 7 inch flowers on some varieties. However, many are just as effective left to bloom in sprays. The color range is complete and we cannot recommend this group too highly. All are double.

ALABASTER. Very early white. Slightly incurved and will produce 5 inch blooms if disbudded. Rapid increaser. August-September. **.50**

BELLE MAUVE. Lovely silvery pink on stiff stems. Equally good in sprays or disbudded. September. **.50**

BRONZE FREDA. Every collection should include the Fredas. Salmon bronze flowers of quilled formation. Unsurpassed for cutting. Long time bloomer. August-October. **.50**

BRONZE BUTTERCUP. This and Crimson Buttercup are two of the loveliest and most satisfactory of the early English group. Incurved flowers of rich bronze yellow with golden buff reverse. Best disbudded. Very early. Aug.-Oct. **.50**

BUTTERCUP. Deep golden yellow slightly incurved on fine stems. Very weather resistant and flowers are not damaged by frost or rain. Later than most. October. **.50**

CONQUEROR. Claimed by many to be the finest crimson variety. Disbudding will produce flat 5 inch flowers. Wonderful color. October. **.60**

CRIMSON BUTTERCUP. Like Bronze Buttercup in all respects except that reverse of petals is crimson. Aug.-Oct. **.50**

CRUSADER. Very large incurved white tipped deep pink. Flowers will attain 6 inches in diameter if disbudded. Strong stems. September. **.60**

ENGLISH CHRYSANTHEMUM PRIMROSE

DAWN. Large solid flowers of golden peach and salmon. A warm and delightful blending of colors. September-October. **.60**

DUKE OF WINDSOR. Large incurved rosy lavender. 5"-6" blooms, if disbudded. Oct. **.75**

GOLD STANDARD. For the outdoor garden this large yellow incurved variety is tops. Very stiff stems easily disbudded produce gorgeous 6" blooms comparable to the much later greenhouse varieties. One of our favorites. Sept.-Oct. **.60**

HARVESTER. Very early. Light bronze on fine stems. August-September. **.50**

LEDA. Every garden should have Leda. Disbudded plants produce 6"-7" flowers of a heliotrope pink with creamy white centers. Rolled petal formation enhances the beauty. Sept.-Oct. **.50**

MARYLAND DOME. A compact incurved golden yellow and extremely early. In full bloom in August. **.50**

MRS. T. GUTHRIE. Large chestnut red with bronze reverse; disbudding will produce 6 inch flowers. Long stems. Strong grower. September-October. **.50**

MRS. PATTI. Lovely terra cotta red with gold reverse. Very early. Incurved type and one of our favorites. August-September. **.50**

MRS. T. RILEY. The finest pure white variety. Immense reflexed flowers and best with some disbudding. September-October. **\$1.00**

ORANGE QUEEN. Many consider this the most beautiful yellow. Large incurved flowers of rich color. **.50**

PINK FREDA. Deep mauve pink and grand for cutting. Habits same as Bronze Freda. **.50**

PRIMROSE. An amazing large and beautiful variety. Even without disbudding the plants are covered with perfectly formed 5 inch flowers. Light primrose yellow. Aug.-Oct. **\$1.00**

QUAKER MAID. Rich golden mahogany flowers on tall stems. Superb for cutting. Oct. **.75**

REVELLER. We like this one very much because of its early blooming and bright color. Dark coppery red on rather dwarf plants. Sept.-Oct. **.50**

ROSE PRINCESS. Strong growing variety with good stems and rose pink flowers. Later than most. Oct. **.50**

TRIXIE. Bright salmon pink of spiky form. Grand cut flower. **.60**

VULCAN. Dark mahogany crimson. Large flat flowers. Sept.-Oct. **.50**

CUSHION CHRYSANTHEMUMS

These compact dwarf chrysanthemums are unsurpassed for the low border and the large rockery. Their ease of culture and long blooming season during the summer and early fall months merit your first consideration in planning your perennial garden. You are really missing something if you do not already have some of these offered here. We honestly know of no other perennial that will produce such quantities of flowers for so little effort.

BRONZE CUSHION. Light bronze and apricot. Blooms from July until frost. Dwarf compact bushes. **.35**

EARLY HARVEST. New dwarf cushion type variety of much charm and beauty. Rose and apricot blend. Aug.-Oct. **.50**

GOLD CUSHION. Masses of deep golden yellow. **.35**

LITTLE BOB. The finest cushion variety which develops into symmetrical mounds completely covered with perfectly formed tiny pompon flowers. Color is deep rosy salmon suffused bronze. You will treasure this one. **.50**

MAJOR CUSHION. Similar to Pink Cushion but has better color and better formed flowers. Very fine. **.50**

PINK CUSHION (Azaleamum). Bright pink. Same habits as Bronze Cushion. **.35**

PYGMY GOLD. Not as compact as the others but a charming pure yellow pompon. Dwarf. August-October. **.35**

QUEEN CUSHION. A lovely white which opens blush pink. **.35**

RED CUSHION. Fine garnet red. Large flowers in profusion. .35

SANTA CLAUS. A new red variety and considered by critics as the best of this color. .40

OTHER EARLY VARIETIES

AMBER GLOW. Very bright blend of peach, pink and copper on stiff stems. Difficult to describe but one of the most colorful. September. .35

ANGELO. Large lavender pink. Grand for cutting. October. .35

AUTUMNSONG. New color. Large wine rose and most attractive. .50

AVALANCHE. The finest early white. Large flat flowers with cream centers. Rather dwarf. August-September. .50

CALIPH. Dark oxblood red flower of intense brilliance. Always admired. Sept.-Oct. .35

CARIBOU ROSE. Very large, rather loosely formed flowers of rosy pink. Aug.-Sept. .35

CHARLES NYE. Grand new variety. Large double rounded flowers of deep buttercup yellow on long stiff stems. Oct. .60

CRIMSON SPLENDOR. The only single offered here. Name describes. Mass of blooms. Sept.-Oct. .35

CYDONIA. Glowing orange chestnut overlaid with mahogany. Brilliant color. Oct. .35

EMBER (Korean). Glowing copper red on long stems, fine for cutting. Sept-Oct. .35

HALDOONA. Early large mahogany and gold. Rather dwarf. Good bedding variety. Aug.-Sept. .35

HEATHERBLOOM. One of the best new varieties we have seen. Heather pink with rose center. Rather dwarf and very early. Aug.-Sept. .60

INDIAN SUMMER (Korean). Dark orange, bronze with peach tints. Long stems. Oct. .35

IRENE. Large pure white pompon of perfect form. Popular. Oct. .35

JEWEL. From all standpoints probably the best pompon. Pinkish lavender on splendid stems, ideal for cutting. Resembles a miniature pompon dahlia. Oct. .35

JUDITH ANDERSON. Top ranking yellow pompon. Very compact dwarf bushes. Sept.-Oct. .35

KING MIDAS (Korean). Large combination of yellow, bronze and rose. Tall. Oct. .35

LAVENDER LADY (Korean). Huge pure lavender flowers of wonderful color. Fine cut flower. Oct. .35

MME. CHIANG KAI-SHEK. One must grow this variety to appreciate all its merits. It is

FAULTLESS. Large orange bronze of flawless form on neat bushy plants yet with sufficient stems for cutting. Three months of bloom! Aug. to Oct. \$1.00

MRS. P. S. DUPONT. Beautiful blend of peach and salmon buff. One of the very best. Oct. .40

NIOBE (Korean). Lovely creamy white turning pink with age. Dwarf and compact, ideal for bedding. Very early. Aug.-Sept. .35

OLIVE LONGLAND. This new pastel is a lovely blend of colors difficult to describe but salmon pink, yellow and apricot are evident. Oct. .60

R. MARION HATTON. An old favorite. Excellent early light yellow. Sept.-Oct. .35

RUBY POMPON. Very popular ruby red with bronze tint. Oct. .35

SEPTEMBER BRONZE. The very best in this color. Perfectly formed flowers of golden bronze on nice stems, ideal for cutting. Sept.-Oct. .35

SIMBA. The orange bronze color is quite like that of Mme Chiang Kais-shek but the form is entirely different. Worthwhile addition to this color group. Sept.-Oct. .50

SUN GOD. Early golden bronze pompon of good habits. Excellent cut flower. Sept.-Oct. .35

THE MOOR (Korean). Glowing amaranth purple. Fine color. Oct. .35

YELLOW AVALANCHE. One of the finest new varieties in our garden last year. A sport of the famous white variety, Avalanche. Large soft yellow flowers cover the bushy plant. Beautiful garden subject which attracted all visitors. Aug.-Sept. .60

POMPON CHRYSANTHEMUM JUDITH ANDERSON

SEEDS FOR FALL PLANTING

Because of the many inquiries received last year we will supply seeds of some iris, lilies and tritomas. All seed orders will be accepted subject to the 1949 crop and will be sent out as soon as available this fall. The tall bearded and Japanese iris seed will all come from hand pollinated crosses and will produce numerous seedlings, many of which will be equal to finest named varieties. All prices are per packet which will contain generous quantities of seeds.

IRIS

TALL BEARDED IRIS. All seeds from hand pollinated crosses of the finest varieties in our collection. 50 seeds. \$1.00

DWARF BEARDED IRIS. Mixed. .50

BULB IRIS

Bucharica (Juno) \$1.00

Graeberiana (Juno) \$1.00

Sindjarensis (Juno) \$1.00

Vicaria (Juno) \$1.00

English Iris. Mixed only. .50

Japanese Iris. Mixed only. All from hand pollinated crosses but including no Higo varieties. 100 seeds. \$1.00

Siberian. Mixed. .50

Spurias. Mixed. .50

MISCELLANEOUS SPECIES

Chrysographes Hybrids .50

Hyacinthiana .50

Innominata. Mixed only. Including orange shades. \$1.00

Tectorum .50

Tenax .50

LILIES

Formosanum .50

Regale .50

Sargentiae \$1.00

Willmottiae .50

Hybrid Tritomas. Mixed colors from best named varieties. .50

PLEASE READ BEFORE ORDERING

GUARANTEE

Everything offered in our catalogue is grown by us and all bulbs and plants are true to name. We intend to send out only plants and bulbs of finest quality. If you are not completely satisfied when your order is received please notify us within 10 days. We guarantee arrival of all plants and bulbs in good condition but do not accept responsibility for growth in your garden because of conditions beyond our control. Many varieties listed are scarce and as our stocks of some are very limited we will appreciate your naming substitutes when ordering.

TERMS

Cash with order, either check or money order. No C.O.D. orders accepted unless accompanied by 50% deposit. As we prepay shipment of all orders we ask that your order amount to at least \$3.00. However, if you will accept your order by express, shipping charges collect, we will include extra plants or bulbs amounting to double the shipping cost.

TIME OF SHIPMENT

As there is necessarily considerable variance in shipping dates this information will be found under each heading.

CULTURE

All cultural information will be found under each heading. As we do not send out a separate culture sheet with orders we suggest you keep your catalogue handy for quick reference.

CATALOGUES

We sincerely wish we could send our catalogue to all past customers and persons who requested it but never favored us with an order. However, the high cost of attractive, illustrated catalogues simply prohibits this practice. Consequently, catalogues hereafter will be mailed free of charge to all customers who have ordered from us within two years and to those who request it one time only if no order is received prior to the mailing of the next year's catalogue. So, if you like our catalogue and wish to receive it regularly please send us a trial order. When your first order is received it is then up to us to win your continued patronage. We have satisfied customers throughout the entire country and we ask only that you give us a chance to add your name to our growing list of regular customers.

WE PAY THE SHIPPING CHARGES ON ALL ITEMS IN THIS CATALOG
